This volume of *Torontonensis* is dedicated to the late  
**JOHNNY COPP**  
IV Medicine. Died December 3rd, 1933.

## D E D I C A T I O N

**F**EW undergraduates have won such a place in the affection and esteem of their fellows as has John Copp. He entered the University from the University of Toronto Schools, where as School Captain he was the ideal of the younger boys and a helpful elder brother to all. In the University he came to hold a position of singular influence. He was a fine athlete, and one of the most brilliant players on the Senior Rugby Team. His true spirit of sportsmanship was always evident,—restraint in victory, equanimity in defeat, and fairness to others always.

Following his father's footsteps he was a diligent student of medicine and one of our most promising undergraduates. Socially he was kindly, lovable and winsome. His friends were legion; his enemies none. All he did and did so well and so heartily was rooted in his Christian character. Faith, hope and love were graces he constantly embodied. The influence John Copp wielded was powerful, because it was personal. He was pure in heart, clean in life, and eagerly impulsive to do the next thing that he felt to be the right thing. Even thus did he meet his end. To protect his father's house and his father's friends, he counted not his life dear unto him, but forthwith grappled with the invader. For him to see a duty was to seek to do it. In Church and Sunday School, in home and social life, in the varied activities of this University he bore himself "without fear and without reproach." His life and his character are a challenge to us who remain. Being dead, he will still speak and say, "Whatsoever ye do, whether in word or in deed, do it as to the Lord." Our Christian hope is that somewhere in God's universe vast he is winsome and working still. Verily "in the midst of life we are in death"; but the converse is equally true, "in the midst of death we are in life."

H. J. CODY, President

## To the Graduating Classes of the University of Toronto

IT is again my privilege to express to you, the members of the graduating classes of the University, hearty congratulations on your past academic achievements, and best wishes for your future careers. This is eminently a time for retrospect and prospect. As you look back over these years at the University, how short they seem! How full they were of work and interest and friendship! What lessons of self-knowledge and the knowledge of others they have taught! You have not only learned what other people have thought, that is, the tried intellectual heritage of the past, but you have also been stirred to think for yourselves.

The essential aim of a university education is to lead you to understand the meaning of things in their universal relationships. In the fertile fields of language, literature and history, of the physical sciences, and of the social sciences, you have gleaned a rich harvest of knowledge, wisdom, discipline and inspiration. In the scientific and professional faculties you have learned both principle and practice, and a general attitude to life. Nor, I trust, have you failed to learn, in addition to the intellectual preparation you have made, the happy social activities in which you have borne your part, the physical health you have maintained through games and exercise, something of those aesthetic and spiritual values that are the very crown of life.

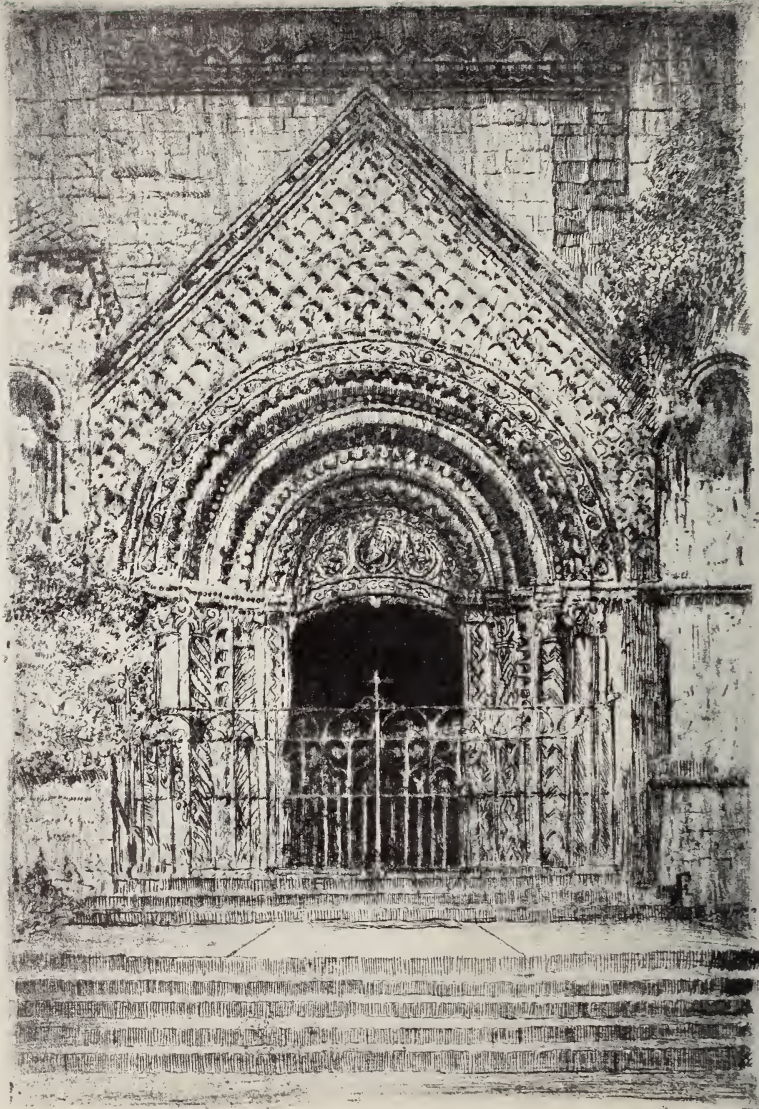

Now you go forth from the kindly Halls and Laboratories of your Alma Mater into a world that is still troubled, perplexed, unstable, but on the whole that seems to be slowly but surely moving upward. I hope you will find opportunities for work in the near future. Probably Canada has fared as well as any of the other countries in the world during this depression. In the long run nothing can hold Canada back except our own folly. In due course you will find your place for life-work, and I trust that this place will be in our Dominion. Believe in your country and in the world-wide Empire of which it is an integral part; believe in yourself, in the power of disciplined mind and accurate knowledge, in the supreme value of character; believe in the Father of Lights who has endowed you with gifts, material, intellectual, social, spiritual, and has set before you an open door of service.

It has been well said that, for that really creative living for which we all crave, we must combine vision, power and fellowship. These your University has sought to help you to find and develop, and these you will have to apply increasingly in your future years.

For your loyal and helpful co-operation as students in the work of the University I thank you heartily. May not the University count on your continued filial and constant support? In the name of the University I wish for you all things good and prosperous.

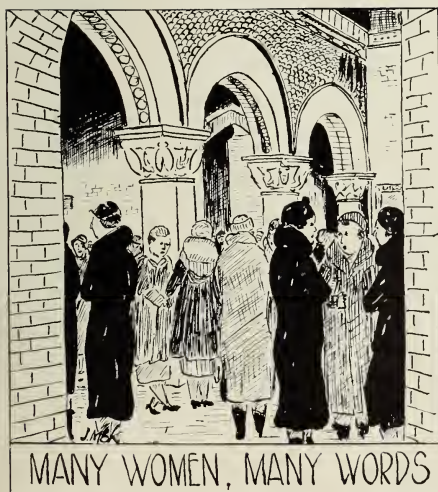

A J Gody

President, University of Toronto.

## To the Members of the Graduating Class

By PROFESSOR MALCOLM W. WALLACE, B.A., PH.D.

II NEVER find it easy to respond with any real satisfaction to the request of the Editor of *Torontoensis* that I address a final message to the graduating class. It is so difficult, in a few words, to avoid the Scylla of conventionality and the Charybdis of pomposity, that I regularly anticipate that the next Editor will decide on a change of programme. Doubtless his renewed request is to be explained as Dr. Johnson explained second marriages,—as the triumph of hope over experience.

For most students the prospect of graduation contains a curious intermingling of anticipation and regret. It would be strange if you were not reluctant to leave the society in which for four years you have enjoyed a normal programme of work and of play. Here your efforts to gain personal advantage have been almost

identified with your consciousness of a great coöperative effort; competition, whether in scholarship or sport, has been a truly generous rivalry. The desire for immediate economic gain has remained well in the background; and life has meant primarily delightful human intercourse and freedom to explore the things of the mind with disinterestedness and something of philosophic detachment. Who would not wish to perpetuate such a programme? It is pleasant to speculate on the coming of some future age which may make possible such a life for a majority of human beings, when the stimulus to human greed and selfish aggrandizement has been reduced to a minimum.

And yet we know that any vision of the good life must include much that is not contained in mere understanding and enjoying. A satisfying life must make provision for our adventurous instincts, for the delight which men take in subjugating their material environment, for the satisfaction which all good men take in the conflict with evil in its multitudinous forms—injustice, disease, all kinds of suffering. The function of the college is to equip you more adequately for this life, by increasing your knowledge, your capacity to think effectively, your impulse to make right prevail, your desire to live and to enable others to live on a high plane. Many of your predecessors have gone forth to illustrate these ideals in their service to the state. I can bid you farewell with no more sincere wish than that you too may be enabled to make a real contribution to the health and well-being of our country.

## Class History 3T4 University College

### Hail and Farewell!

**S**UCH is the message of the graduating year, a year that has witnessed the installation of a new University President and the establishment of several new buildings on the Campus. In view of which we are strongly inclined to point out how the University in its growth has kept in step with 3T4.

Perhaps some rash and witless neophyte may think his year the incubator of the visionary political sapphires and industrial emeralds that we all dimly discern through a haze of presidential assassinations and beer by the glass. But little have they reckoned on the achievements of their venerable and erudite seniors. For have we not manfully participated in all the college sports—and thereby accounted for more than our share of major losses?

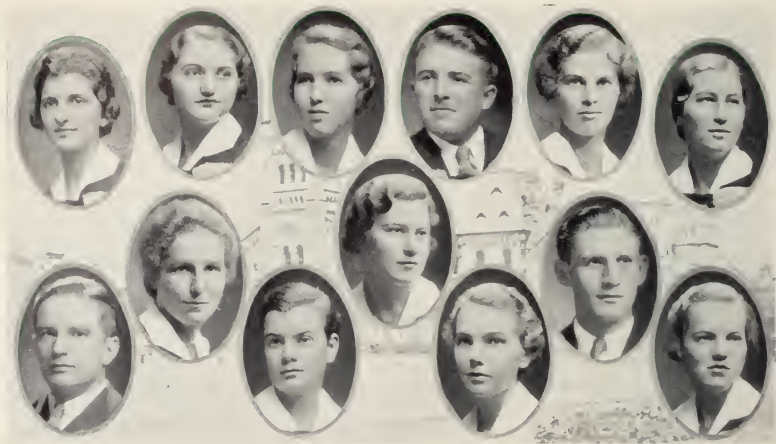

And has not 3T4 maintained an enviable position in the lofty academic world? Mais oui! (Fr.) This gem among classes has upheld the high average of students falling in the heavy barrage of tutorial artillery since our freshman year. (Ah me, such tender days).

But scholarship! Now that is quite a different matter. Among us is a Rhodes scholar, and that makes us feel better, of course.

And need we point out the merits of our four years activity in the realm of society and music? We have swelled our coffers (Bal. \$3.83) by the unparalleled support given to our year dances and musicales. As a class that has lived in, suffered under, and dwelt on "The Depression," we stand unitedly immune to sales.

Yes, it is a sorry day when 3T4 (good old 3T4) creeps trembling out of the sheltering embrace of the Alma Mater (and, of course, the allowance from home) to join the great crowd on the street corner. A sorry day indeed! So here's a health to 3T4.

# Victoria College

IT'S NEVER TOO LATE TO MEND

## To the Graduating Class of Victoria College

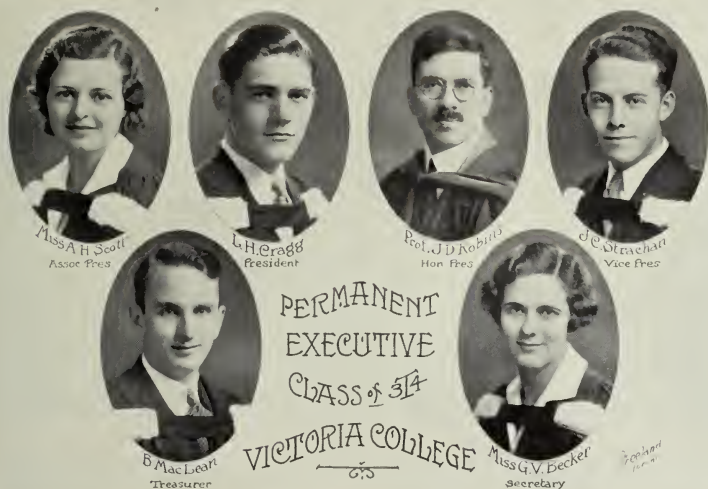

By PRINCIPAL W. T. BROWN, M.A., PH.D.

ON behalf of the faculty of Victoria College, I extend the sincere congratulations and heartiest good wishes to the class of 1934. Your interest in study, and in the wide search for truth, and your loyalty to high ideals during your years here have bound us together in ties of enduring friendship.

Frequently we have said farewell to our graduating class in happier times than these, times when the door of opportunity was wide open and the future beckoned with welcoming hand. We realize that this year you leave us to go out into a world of chaos and confusion, and to become active participants in the life of our nation when even the wisest of our prophets are unable to predict the immediate future. The task that confronts you is serious and difficult, but I would remind you that

this is no time for weakness of spirit, for loss of idealism, or for despair. The future with all its difficulties challenges the best that is within you to high endeavour. Yours will be the task to re-establish a worthy civilization where honest men and women are able to retain their self-respect by dignified labor, where opportunities are offered for the development of the arts and sciences, where peace and respect for law and order prevail and where in all the relations of men, honour and justice abide. It is the hope of your college that the training that you have received within her halls, in the class room, on her athletic field, and in all the relations of student with student, and of student with staff, will serve you in good stead in the performance of your task, and that you will honour her by your courage, patience, self-control, high-mindedness and wisdom.

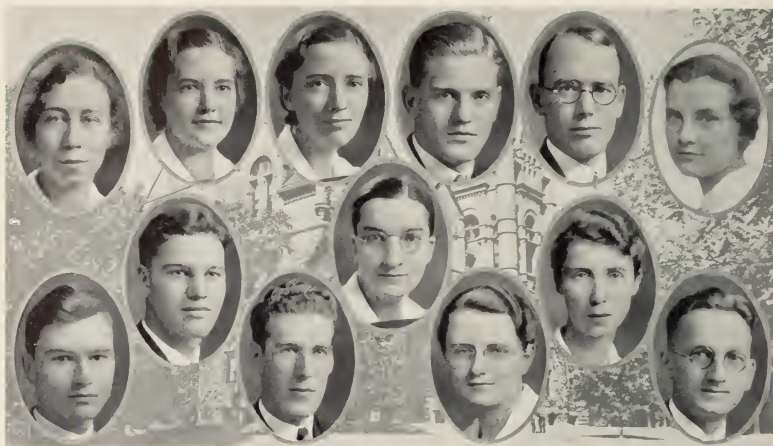

### Class of 3T4, Victoria College

WE are about to pass into history and we are not sure that the experience will prove a wholly pleasant one. It has all been such a glorious and living adventure, that the thought of being relegated now, as a mere name, to the dark walls of Alumni Hall, or to the subterranean depths of the University Library Stacks, within a musty copy of "Torontonensis" for 1934, appals us not a little.

We have enjoyed it all, from those very early days of our Freshman year, when we rushed rather wildly from one dark church basement to another for "Bob" practices, to the last formal and very dignified party of our Senior year. Although we are one of the smallest classes graduating from Victoria in many years, we have several distinguishing marks. To begin with, we have been blessed with one of the most charming and obliging of Honorary Presidents. Not only do we owe much to him for the spirit of warm good-fellowship that pervaded our social ventures, but for the deeper and truer insight into the ways of things which he gave to us in the class-room.

Our vocal strength was settled beyond a doubt when we achieved the unusual honour of outstriking our rivals in the "Bob" in both our first and second years.

Despite our small numbers, we have shown a decided talent for administrative tasks and in this field, 3T4 has done much original and constructive work. If we have not dazzled the University with academic brilliance, we have captured our fair share of prizes and maintained a general high level of scholarship. And now having played and worked and worried a bit through our four years, we are about to turn the last page in our university history. We wonder, chin in hand, what the future holds.

# St. Michael's College

## To the Graduating Class of St. Michael's College

*By the REV. H. S. BELLISLE, B.A., M.A., CATH. U. AM.*

**Y**OU are our epistle, written in our hearts, which is known and read by all men: Being manifested, that you are the epistle of Christ, ministered by us, and written not with ink, but with the Spirit of the living God; not in tables of stone, but in the fleshly tables of the heart.

And such confidence we have, through Christ, towards God.

Not that we are sufficient to think any thing of ourselves, as of ourselves, but our sufficiency is from God."

# Trinity College

## To the Graduating Class of Trinity College

By REV. F. H. COSGRAVE, M.A., B.D., D.C.L., I.L.D.

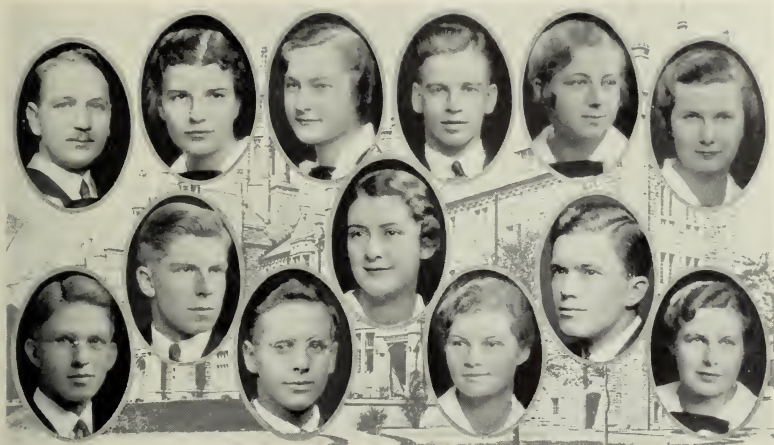

IT IS my privilege on behalf of all your fellow students at Trinity College to extend to you, the members of the Graduating Class of 1934, our very good wishes as you go forth from our University to make your several contributions in the life of our time.

We are confident that in your undergraduate days you have formed a true and full conception of Education and that you will carry with you to your professions and occupations worthy ideals, a true culture, a disciplined intelligence and an appreciation of spiritual values. These are the qualities which a University Degree is supposed to connote. It is true that, like many other things, it has often been debased and we cannot expect that it will be taken for granted

that because you have completed a University Course you are thus equipped. To-day your claim to be men and women of integrity and disciplined mind will be more closely scrutinized than at any time in the past. We shall follow your careers with deep interest and in the hope that you will always take thought for things honourable in the sight of all men and use the powers which you have developed here for the promotion of a fairer and fuller life for all with whom you are in any way associated.

Our Universities were established and are now being maintained to produce for the nation sound and able leadership. If University graduates are not sane in their thinking and do not live and work in accordance with the best standards, then our higher education has lamentably failed to fulfil its object. We shall look to you, and I believe we shall not look in vain, to justify the high estimation in which the people of this country have held our University Education.

In this confidence we wish for each of you a long and honourable career with abundant opportunities of contributing to the building up of a fuller and saner civilization.

## To the Graduating Class of Commerce and Finance

By PROFESSOR GILBERT E. JACKSON, B.A.

AT THE moment when a new crop of Bachelors of Commerce (doubtless assuming a boldness of demeanour which does not quite correspond with the condition of the inner man) is venturing forth into the world, it is perhaps fitting that I should say a few words with regard to the experience of its predecessors during the hard times.

There is no doubt that the graduating class of 1934 finds the world in a much more hopeful mood than did its predecessors in 1933, at the time when they approached the dais in Convocation Hall to receive their degrees from the Chancellor.

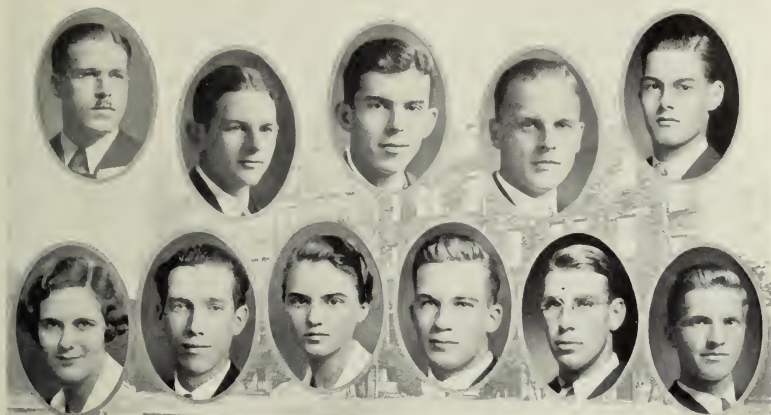

Twelve months ago, when things were at their worst, the problems facing the graduating class of 1933 were causing us serious concern.

We may take a great deal of comfort from knowing what actually befell the class of 1933. During midsummer, the number of graduates of that year who succeeded in finding employment was quite small, despite the rapid spurt of business

which occurred at that time. In the late summer and in the fall, however, scarcely a week passed without two or three employers telephoning, writing or making a personal descent upon the Department, with opportunities of one kind and another—opportunities which were opened in the first place to newly fledged Bachelors of Commerce. As a result, we were able to report in November, 1933, that no less than 85% of the graduating class had found employment; and by Christmas the number still seeking work—for some were still unemployed—was little if at all greater than one would expect to find in an ordinary year.

Such good fortune is not a matter of chance. That is a point which we should all of us take to heart. The good fortune of the graduates of 1933 may be traced to two circumstances: firstly, to the fact that their predecessors in Commerce and Finance, for many years past, had almost uniformly "made good" in business; secondly, to the fact (not unconnected with this record) that there is a tremendous amount of good-will among Canadian business men, towards the Course in Commerce and Finance. This good-will has saved us from endless disappointments and from actual suffering. Without it, the situation would have been bleak indeed.

While recent experience is fresh in our minds, I should like to impress upon the graduating class of 1934 that they too have now come to the stage, at which the good repute of older graduates, and the good-will of the leaders in Canadian business, are going to stand them in good stead. Opportunities are opening before them, and will open in the months to come, not so much because of their own merits (which are still to be proved) as because they are graduates in Commerce. I hope that in their turn they will enhance the good name of the course.

IN 1929 special arrangements were made for the benefit of students who had entered Commerce and Finance and had been interested only in receiving a training along the lines of Commerce and Finance, and who under the new regulations regarding standing, would presently be transferred to the Pass Course. A special Course was devised for the benefit of such students with approximately the same content as Commerce and Finance. This Course may be entered only in the second year or later, and only by such students as have been through at least the first year of the Course in Commerce and Finance. This new Course is, at the present time, officially a subdivision of the Pass Course; but it is a distinct unit in itself, and has come to be known in general parlance as the Pass Course in Commerce. Students in this course, as in Commerce and Finance, are members of the Commerce Club.

# Teachers' Course

## To the Graduating Class in the Department of University Extension

By W. J. DUNLOP, B.A., B.PAED.

TO those who are graduating in the Teachers' Course the expressions of sympathy and the exhortations given to other prospective graduates do not apply. These teacher-students have, most of them, kept their positions while studying at the University. A few have taken the final year in residence but the majority have studied faithfully and intensively for from five to eight years, or even longer, while carrying on their duties in their schools, and now have reached a mile-stone in their educational careers. They do not need to seek positions but they will do better work, because of their enhanced scholarship, in the old positions.

These graduates have received the same instruction and have passed the same examinations as have the graduates in the Pass Arts Course, but their attendance has been in Summer Sessions or in Teachers' Classes in the evenings. They have attained the same standards as have students in regular attendance in the

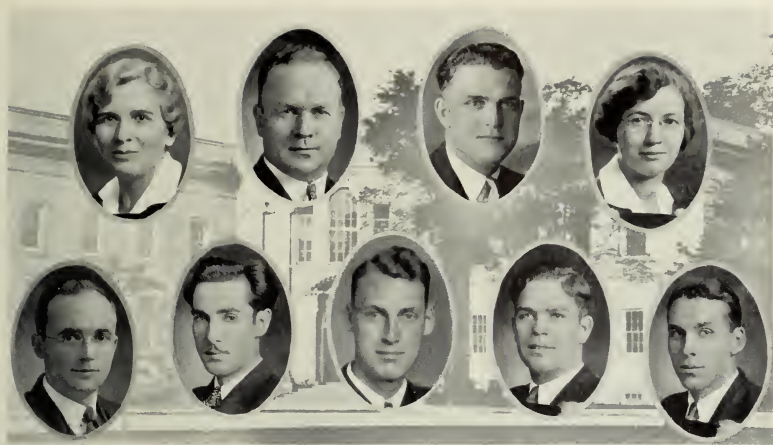

Pass Course in Arts. All that the Teachers' Course has done for them is to make a university education accessible to them while they have been obliged to continue their teaching.

Twenty teachers, it is hoped, will graduate in June, 1934. Others, who will complete their work in the Summer Session, will graduate in September. Not all are brave enough to have reproductions of their photographs appear in *Torontonensis*. But the Teachers' Course sends out each year about as many graduates as does a fair-sized Arts College. There are over 700 teachers enrolled this session in that course.

These graduates may not have had much university life, as it is ordinarily known, but they have had some of it and, being mature and experienced, they have derived a great deal of benefit from hard study.

To one who has watched the progress of these teachers it has been a pleasure to observe their loyalty to and their affection for their Alma Mater. These feelings they carry with them as they go forward to other courses; for few of these graduates are content when the degree of Bachelor of Arts has been conferred on them. Most of them continue their study in post-graduate courses, chiefly in education.

May one suggest that they try to impress on their colleagues, as opportunity may offer, the advantages of the Teachers' Course? Nowadays the teacher who ceases to be a student ceases also to be a successful and inspiring teacher. These graduates can do much, in a quiet way, to improve the status of the teaching profession in this Province.

# Medicine

CLEANLINESS IS NEXT TO GODLINESS

## To the Graduating Class in Medicine

J. G. FITZGERALD, M.D., LL.D., F.R.C.P.

**D**URING the last six years, each member of your graduating class has been a "University Student," a "Med." and a "34" class man. After graduation you will become a "doctor," a "professional man," a "practitioner" or a "scientific investigator." You will pass from the stage of preparation into that of your life work itself in an old and revered profession. From being a unit in an institution you change into a citizen of the world, where you will be recognized by an identification given you by your Alma Mater in addition to that inherited from your parents. The degree conferred on you by this University is universally known and carries respect everywhere. Just as the success of your career will be a source of pride to your family, so will this University and this Faculty of Medicine be proud of any honour or distinction you attain.

History will doubtless be repeated and some of you will be distinguished professors, some will hold high positions of state, some will startle the world with discoveries, but most of your members will fulfil their ambition and gain satisfaction by bringing health and happiness to their fellowmen.

Among the reminiscences at class reunions, the phenomenal prosperity which was transformed into unparalleled economic depression during your undergraduate days, will be recalled, with the prospects of better times appearing on the horizon again at graduation. The succession of Sir Robert Falconer by President Cody, of Dr. Alexander Primrose by Dean FitzGerald, and many other changes in staff have occurred during your stay at the University.

The memory of any personal experiences known only to yourselves will enhance the enjoyment of meeting your classmates, while that of the glory brought to your Class and to the University in football, athletics and other activities will stimulate many a boast.

The hope is expressed that in leaving the atmosphere of lectures, laboratories and clinics to meet the more difficult problems of life, experience will soon provide you with sufficient self-reliance to overcome any lack of self-confidence you may have, so that the knowledge and training you possess may be used in the best interests of those you attend.

Owing to the honour which has come to Dean FitzGerald in the form of an invitation to become a member of a Commission of Health experts appointed by the Rockefeller Foundation to visit India, he was not available to write this foreword. On his behalf and on that of the Faculty of Medicine your Assistant Dean extends the heartiest congratulations and best of good wishes for the future.

# Applied Science and Engineering

## To the Graduating Class of the Faculty of Applied Science and Engineering

By PROFESSOR C. H. MITCHELL, C.B., C.M.G., D.S.O., C.E., LL.D., D. ENG.

A YEAR ago in my Torontonensis Message I congratulated your predecessors upon graduating in 1933 and in doing so I said that they might think it strange to express such a view at a time when, to all appearances, we were still in the depression.

I now repeat the same congratulatory thought but we can now make the congratulation more definite, in view of the very considerable improvement in the country during the past year. The members of the engineering profession will be among those to gain early advantage in this turn. We are now practically out of the depression, as all the barometric sings point that way.

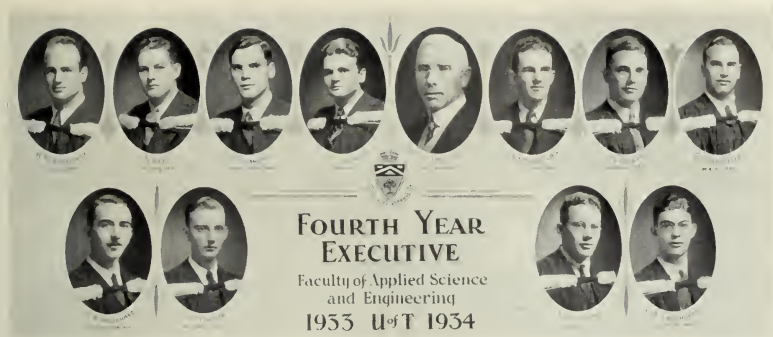

If I may give you advice at this time, it is to exercise patience and be cheerful in the firm expectation of better times which are coming but are coming slowly. It is better so. Do not get restless but practice that perseverance and fortitude which has come down to you from your hardy forefathers who helped build up this country. Above all, whatever you do and wherever you are, work, and work hard—like they did.

You are leaving the University at a time when it will be opportune to continue your applied science or other education, in anticipation of increasing activity in the profession. By this means you will be all the more ready to take your part in it, whether on the technical or the business side.

After some years you will then look back upon your University period and your post-graduate period as being woven together by one process into that fabric called education, a garment that will fit you better the more proudly you carry it.

With best wishes for your success and good fortune.

## Class History of 3T4

### APPLIED SCIENCE AND ENGINEERING

THE progress of the class of 3T4 through the Little Red School House, is mostly a repetition of the history and traditions set up by previous classes. However, certain red letter events have punctuated our stay at School and are worthy of record in the pages of School history.

Having the largest registration since the war, we felt called upon to do things in a big way. After receiving proper and helpful education at the gentle hands of the Sophs, Burwash suffered in consequence of this momentous decision.

Due to certain indiscretions of our guiding lights of 3T3, we were denied the pleasure of a Soph-Frosh banquet, but instituted in its stead the Soph-Frosh dance, which has since become an annual event and one of the high lights of the social season.

In our Sophomore year we were accorded the rather dubious honour of welcoming the incoming Freshmen to our ancient and time-honoured profession. So well had we learned our lesson the previous year and so well did we succeed in passing our knowledge on to those who followed, that "initiations" were abandoned forever in favour of a "reception" held in Hart House.

Throughout our class history we have been well represented on Inter-collegiate teams and 3T4 Schoolmen have inscribed their names indelibly in our Alma Mater's Hall of Fame.

We have always believed in the old slogan "United we Stand" and it is due to the co-operation of every member of the year that we owe our success. We are proud of our Alma Mater, our Faculty and our Year.

WHERE THERE'S A WILL THERE'S A WAY

## To the Graduating Class in Dentistry

By WALLACE SECCOMBE, D.D.S., F.A.C.D.

THE members of the Faculty extend congratulations and good wishes to you who are graduating at this time. The majority of you have spent five happy years together and now pass on to take your places as graduate members of your chosen profession. You will journey in many different directions. Of the thirty-five members of the class, six are from Western Canada, four from United States, one from England and one from New Zealand, and it is our hope that each one may carry away the kindest feelings toward your Alma Mater.

You have been prepared for citizenship as well as for professional service. Never has there been greater need for courage and faith, nor greater opportunity for leadership in moulding the life of the community. A journey through Canada serves to impress one with the tremendous influence of trained leadership on the life of communities, particularly upon the smaller centres of population. A group of ten citizens,

educated and cultured, banded together in a town in Western Canada have been able to initiate and carry through community movements that have resulted in the establishment of a library, an art gallery and a museum. As university graduates you are expected to play your proper part in the cultural life of your community and maintain your interest in the finer things of life.

The School of Dentistry in Ontario was organized fifty-nine years ago, and for fifty of those years was affiliated with the University of Toronto. In 1925 the School became the Faculty of Dentistry of the University. Year by year dentistry has progressed. This forward movement was greatly accelerated during the past nine years by the inclusion of dentistry as an integral part of the University. Perhaps the most outstanding development of this period has been the more intimate co-relation of dentistry with the other departments and faculties of the University and the establishment of research facilities with higher degrees awarded for graduate study.

The Class of '34 leaves the College Halls well prepared to commence dental practice, trained to maintain a research viewpoint and holding the finest ideals of professional conduct and service. Your teachers will follow your progress with great interest and, as I hope, with every occasion for pride in your achievements.

You are graduating at a time that promises definitely better economic and social conditions, and the Faculty members share with me the wish that you may meet with every measure of success that your efforts may merit.

# Wycliffe College

## To the Graduating Class of Wycliffe College

By REV. R. B. McELHERAN, M.A., D.D.

THE Class of 1934 will take up the responsibilities, incumbent upon them as Graduates of the University, at a time of real testing. The characteristic announcement of the day is "Old things have passed away and all things have become new." It is not true that all that is old has been found wanting and everything that is new has been proved to be worth while. Things are not necessarily bad because they are old and they are not essentially good by virtue of being new. To choose between the true and the false, the sound and the artificial, the real and the unreal, is no easy task. And yet it is only one phase of the responsibility that must be assumed by you. You have not only to choose for yourself, but as educated men you are expected to lead others. The destinies of our country and indeed of the world are committed to the men who are being trained in our Universities and Colleges.

No matter into what walk of life you go, it will be expected of you that you will do something towards forming public opinion. Here are a few of the questions which the people of your generation will be considering in the general confusion of their day: "War and Peace"; "Tariffs and Free Trade"; "Employment and Wages"; "Enforced Idleness and Insurance"; "Party Government and Class Legislation"; "The Use and Misuse of Capital."

To give a wise and strong lead respecting these issues will need clear thinking, pure hearts and strong faith. A perplexed generation will look to men of righteous living and invincible trust in God to guide us through the mists and fogs of such trying times. May God Himself be with you as you face so difficult a task!

# Emmanuel College

## To the Graduating Class of Emmanuel College

By REV. PRINCIPAL R. DAVIDSON, M.A., Ph.D., D.D.

THE best thing we can give you as you leave us is good advice. And the best advice we can give you is to hold yourselves sternly to your books. Let your mind have a proper quantity of solid food. Read the best books; be sure you get the meat out of them. Take the first hours of the day, and read five, six, or seven days a week, fifty-two weeks in the year. If you read the right books you will learn to be happy at home with your own soul, you will learn the way into other people's minds and hearts, what you say will be worth saying, and what you do will carry a conviction of integrity and purpose.

You take with you from the College a treasure-casket of memories. You and we have been together for three years in a rare fellowship of study and prayer and concern for our perplexed fellow-men. I think a breath of new courage is just coming to be perceptible in the world; the winds that will blow—not all from one direction—may try our full strength if we are to hold to the straight road for ourselves and for all who look to us for leading. Your Alma Mater will continue to watch over you through the years with hope and affection. And you will not forget that every day you have her good name in your keeping.

# Ontario Veterinary College

## To the Graduating Class of the Ontario Veterinary College

By C. D. MCGILVRAY, M.D.V., D.V.Sc.

THE successful and profitable practice of agriculture has and will always be dependent to a large extent on the highest possible standard of live stock development and animal health.

The losses incurred from preventable diseases and the liability of health restrictions being imposed, which may interfere with the marketing of animals and their food products is always a possible danger to the national interest.

So far Canada has been particularly fortunate in having escaped the baneful effects of many of the serious animal plagues. This freedom from animal plagues has not been accidental but has been entirely due to the application of veterinary science in safeguarding the health of our herds and flocks. If any of the serious contagious plagues of animals

should ever gain a foothold here one can readily appreciate the untold damage and loss which might affect the national interests by depleting valuable herds, by restricting the marketing of milk and meat food products and by the emergent expenditure of public funds required to control and suppress such diseases. The reputation which we have gained for healthy live stock should therefore be carefully protected and fostered as a national asset, and every available agency should be maintained for the continued conservation of animal health.

In safeguarding the health of animals "external vigilance is the price of safety" and necessitates the maintenance of a highly trained and efficient veterinary service working in close coöperation in the fields of research and practice.

The maintenance of such a service not only is essential to successful agriculture, live stock development and allied industry but to the public at large in safeguarding against diseases transmissible to human beings, and by ensuring a wholesome supply of milk and meat and other food products necessary for the well-being of mankind. The profession you are entering is therefore a worthy one and it is your privilege now to serve it diligently and well.

PREVENTION IS BETTER THAN CURE

## To the Graduating Class of Pharmacy

By DEAN CHARLES F. HEEBNER, Ph.G., PHM.B., F.C.I.C.

TO enjoin you to treasure and make the best use of the instruction you have received in preparing for your life work is the message I would leave with you.

During the period of your student life, you have bent over microscopes and balances, crucibles, test tubes and burettes, etc. in acquiring a knowledge of subjects that are all of direct use to the complete pharmacist, and your knowledge of them is both practical and theoretical.

Your problem from now on is how to transmute your study into action. You will find the necessity of instantly converting your knowledge, feelings and aspirations into the business activities of your calling. Too often do young people despise and conceal their ambitions and dreams as unworthy of notice, and as having no value for anyone, least of all for themselves; but this is a great mistake, for future success will depend largely on how you conserve and transmute all these finer feelings of heart and mind until they become the skill and the will which will drive you more and more into regular and systematic effort.

Conserve your courage and strength and vision, your sense of power, of aptitude, of ability—the vivid self-consciousness, which is youth's prerogative—and your success will be in exactly the same proportion as this consciousness. Do not waste all your high qualities by lack of use. Let no one deceive you. Your future is in your own hands and you will soon find the level of your own powers and possibilities. You may not be able to do the work of other men, but you can do your own work and that is all that is required of any man.

The whole history of civilization has been written in the history of your profession from the earliest times, when men feared and trembled before the substances they handled and the forces they invoked, down to the present, when, without fear, we pass through the same experiences, and taking these hidden treasures, pass them out to the world, to bless and to heal and to help create a new world.

Do not let the high promise of today come to an end because you have not transposed the dreams of your student days into the fabric of tomorrow's life.

## Class History of 3T4 Pharmacy

IN September, 1932, the Ontario College of Pharmacy accepted as students those who had completed their pharmacy apprenticeship, whose names and pictures appear on this and following pages. We were strangers to each other at that time but plodded along together at the Gerrard Street building and in the halls and laboratories of the University, pursuing the studies that have brought us to the goal of Bachelor of Pharmacy and of qualified Pharmaceutical Chemist. Now that our fondest dreams have become realized there comes over us a tingle of sadness at the thought of having to separate from each other and relax those ties of friendship that have become securely welded during our sojourn together. There has been no lack of co-operation and class spirit in the different class activities that have been carried out.

Many have distinguished themselves in sports and we are sure the various interfaculty teams have been a credit to our college and our University. Several wished to create literary and musical organizations but due to the brief duration of our course, these projects were abandoned.

Last year, our class presented to the college a picture of the Dean. To our Dean we extend our best wishes and hope that he may enjoy many more years of happy association with the students who are to follow us.

Pharmacy 3T4 is proud to be Toronto's "Centennial Class." To the University, to our college and to our professors we extend our many thanks and best wishes for the years to come.

HART

HOVSE

THIS HOUSE CALLED HART HOVSE WAS BUILT BETWEEN THE YEARS MCMLX AND MCMLXIX BY THE ESTATE OF HART ALMERIN MASSEY OF THIS CITY, AND IN HIS MEMORY, HIS EXECUTORS BEING CHESTER DANIEL MASSEY ESQ., A GOVERNOR OF THIS UNIVERSITY, AND VINCENT MASSEY ESQ., M.A.(Oxon.), DEAN OF RESIDENCE, VICTORIA COLLEGE, OF WHOM THE LATTER DIRECTED THE CREATION OF THIS HOUSE, AND WAS GIVEN IN THE YEAR MCMLXXI FOR THE PERPETUAL USE, ENJOYMENT AND BENEFIT OF ALL MEN WHO SHALL BE MEMBERS, GRADUATE AS WELL AS UNDERGRADUATE, OF THIS UNIVERSITY, GEORGE V. BEING KING, AND VICTOR 9TH DUKE OF DEVONSHIRE, K.G., GOVERNOR-GENERAL OF CANADA, THE HON. SIR WILLIAM MIRENTH, K.T. LL.D., CHIEF JUSTICE OF ONTARIO CHANCILLOR, SIR EDWARD WALKER, K.T. CVO, LL.D., D.C.L., CHAIRMAN OF THE BOARD OF GOVERNORS AND MR. ROBERT FALCONER, K.C., M.G., M.A. LL.T.D. LL.D., PRESIDENT OF THIS UNIVERSITY, IN WHICH SAME YEAR, AND BEFORE THE GIFT OF HART HOVSE WAS MADE, THE SAID ESTATE WAS INCORPORATED AS THE MASSEY FOUNDATION, THE SEVERAL DIRECTORS THEREOF BEING THE TWO EXECUTORS OF THE ESTATE TOGETHER WITH THOMAS FINLEY ESQ., WILLIAM LAWSON GRANT ESQ., M.A.(Oxon.), AND RAYMOND HART MASSEY ESQ., THE ARCHITECTS OF THE HOVSE WERE HENRY SPROATT, R.C.A., AND ERNEST ROSS ROLPH, ESQ., TIRES, THE FABRIC WAS WROUGHT BY CRAFTSMEN OF THIS CITY.

THROUGHOUT THE YEARS OF THE GREAT WAR THE BUILDING WAS USED BY THE GOVERNMENT OF CANADA AND ALSO BY THE ROYAL AIR FORCE TO HOVSE CERTAIN MILITARY SCHOOLS; HEREIN OFFICERS, NON-COMMISSIONED OFFICERS AND MEN WERE TRAINED FOR SERVICE ABROAD IN HIS MAJESTY'S ARMIES, & WOMEN RECEIVED INSTRUCTION IN THE CARE OF THE WOUNDED; HEREIN ALSO, THERE WAS PROVIDED FOR MANY MONTHS THE WORK OF RESTORING TO HEALTH MEN DISABLED BY WOUNDS OR SICKNESS.

THE PRAYER OF THE FOUNDERS IS THAT HART HOVSE, UNDER THE GUIDANCE OF ITS WARDEN, MAY SERVE IN THE GENERATIONS TO COME THE HIGHEST INTERESTS OF THIS UNIVERSITY BY DRAWING INTO A COMMON FELLOWSHIP THE MEMBERS OF THE SEVERAL COLLEGES AND FACULTIES, AND BY GATHERING INTO A RIVE SOCIETY THE TEACHER AND THE STUDENT, THE GRADUATE AND THE UNDERGRADUATE, FURTHER, THAT THE MEMBERS OF HART HOVSE MAY DISCOVER WITHIN ITS WALLS THE TRUE EDUCATION, THAT IS TO BE FOUND IN GOOD FELLOWSHIP, IN FRIENDLY DISPUTATION AND DEBATE, IN THE CONVERSATION OF WISE AND FARRER MEN, IN MUSIC, PICTURES AND THE PLAY, IN THE CASUAL BOOK, IN SPORTS AND GAMES AND THE MASTERY OF THE BODY; AND LASTLY, THAT JUST AS IN THE DAYS OF WAR THIS HOVSE WAS DEDICATED TO THE TRAINING IN ARMS OF THE YOUNG SOLDIER, SO, IN THE TIME OF PEACE ITS HALLS MAY BE DEDICATED TO THE TASK OF ARMING YOUTH WITH STRENGTH AND SUPPLENESS OF LIMB, WITH CLARITY OF MIND AND DEPTH OF UNDERSTANDING, AND WITH A SPIRIT OF TRUE RELIGION AND HIGH ENDEAVOUR.

# Hart House

## THE FOUNDERS' PRAYER

*"The Prayer of the Founders is that Hart House, under the guidance of its Warden, may serve in the generations to come the highest interests of this University by drawing into a common fellowship the members of the several colleges and faculties and by gathering into a true society the teacher and the student, the graduate and the undergraduate; further that the members of Hart House may discover within its walls the true education that is to be found in good fellowship, in friendly disputation and debate, in the conversation of wise and earnest men, in music, pictures and the play, in the casual book, in sports and games and the mastery of the body; and lastly, that just as in the days of war this House was devoted to the training in arms of the young soldier, so in time of peace its walls may be dedicated to the task of arming youth with strength and suppleness of limb, with clarity of mind and depth of understanding, and with a spirit of true religion and high endeavour."*

HART HOUSE is so called in memory of the late Hart Massey. Begun in 1911, it was completed in 1919 and presented, fully equipped, to the University of Toronto by the Trustees of the Massey Foundation. To Vincent Massey, Vice-Chairman of the Massey Foundation, is due the idea of Hart House, as well as the form it assumed under his personal supervision. From the autumn of 1914 until November 1918, it was used for military purposes and within its walls thousands of men were trained for service overseas. On the first anniversary of the Armistice (11th November 1919) Hart House was formally opened by His Excellency the Duke of Devonshire, who was at that time the Governor-General of Canada. Mr. Henry Sproatt and Mr. Ernest Rolph were the architects of the building which comes as near to meeting the requirements of the ideal house for student activities as any on this continent or perhaps in the world.

In its widest interpretation Hart House, which is for the use of men only and is non-residential, seeks to provide for all the activities of the undergraduate's life which lie outside the actual lecture rooms. Architecturally of great beauty and built around a quadrangle Hart House is unique in that houses under one roof a finely proportioned hall called "The Great Hall," common-rooms of every description, a library, a debates room, a small chapel together with rooms for the use of the Student Christian Movement, a picture gallery and print room, photographic dark rooms, a billiard room, senior common-rooms and dining rooms for both faculty and graduate members, an upper and a lower gymnasium (both admirably equipped), separate rooms for boxing, wrestling and fencing, an indoor running track, a large swimming pool, squash racquets courts, an indoor rifle range, extensive locker rooms, offices for the Students' Administrative Council and for the athletic and medical staff, a few bedrooms for guests and the offices and private rooms for the Warden. Below the quadrangle is a fully equipped theatre with foyer, green room, dressing rooms, wardrobe and the office of the director of the theatre. Every male undergraduate of the University is required to be a member of Hart House towards the upkeep of which he pays an annual fee of ten dollars. The House has no endowment and these fees are its chief source of revenue.

The care of Hart House and its welfare has to a large extent been entrusted to the undergraduates themselves. There are six standing committees, namely, House, Hall, Library, Music, Billiard and Sketch. Each of these committees, except the Billiard Committee, which is slightly smaller in size, consists of two faculty members (one of whom is the chairman), one graduate member, ten

undergraduates and the Warden. Eight of the ten undergraduate members are elected annually through the undergraduate membership of Hart House, the other two being elected by their own number to serve on the same committee the following year. The gymnasium, swimming pool and the conveniences connected with athletics are under the control and direction of the Athletic Directorate. Mr. T. A. Reed, Secretary-Treasurer of the Athletic Association, has his office in Hart House. The personnel and duties of the standing and special committees subject to the authority of the Board of Stewards are as follows:

#### HOUSE COMMITTEE

The House Committee is the senior of the standing committees and has charge of the general management and social activities of Hart House. Under its supervision come all regulations governing the use of the House and all plans for the comfort and convenience of its members. The barber shop and guest rooms are under its care. The committee is also responsible to the Board of Stewards for seeing that the House is kept in good repair both as regards its structure and equipment. The annual elections of the committees of Hart House are also under the management of this committee. The Masquerade was again successfully held last November.

The members of the House Committee for 1933-1934 are: C. F. Morrison (Chairman), the Rev. E. C. LeBel, the Warden, the Comptroller, J. M. Langton (Graduate Representative), H. R. Cummings (Ontario College of Education representative), G. A. Hendry (Athletic Association representative), J. W. Copland, J. H. C. Copp (†), E. P. T. Green, F. C. Jackson, A. M. Keith, G. G. Keith, G. Lawson, D. G. Ritchie, J. A. Vining and R. M. Archer (Secretary).

#### HALL COMMITTEE

The duties of the Hall Committee are to exercise a general supervision over the Great Hall, the graduate dining room, the kitchen department of Hart House and the tuck shop. A large number of students use the Great Hall and the undergraduate, graduate and faculty meals as well as special functions and dinners bring the total of meals served in Hart House to a considerable number. The tuck shop is an important adjunct to this department of the House, continuing to do a popular trade.

The members of the Hall Committee for 1933-1934 are: Professor G. P. deT. Glazebrook (Chairman), Professor T. F. McIlwraith, the Warden, the Comptroller, Professor L. Gilchrist (Faculty Union representative), D. M. Fleming (Graduate representative), J. D. Cromarty, C. E. Drury, D. L. Foreht, J. E. Hamilton, S. N. K. Keyes, L. K. Lossing, J. R. Rowell, G. L. Morgan Smith, M. R. Wilson and D. F. Cornish (Secretary).

### LIBRARY COMMITTEE

The library in Hart House is recognized as one of the most beautiful rooms in the whole building.

In accordance with the idea of the Founders, the Library Committee has for the past ten years been engaged in the building up of a collection of books such as might be found in a good private library and as a result of their work the room has now become a popular resort of all who like to spend their leisure hours reading the casual book.

At present there are about five thousand volumes on the shelves about half of which are fiction, while the rest are composed chiefly of biography, history, languages and general literature. Additions to the library are made at regular intervals and the activities of the committee are chiefly centred around the selection of new books for purchase. A collection of first editions and private press books is slowly growing in size.

The Library Committee is further responsible for the selection of periodicals for use in the reading room and in this department of the House a wide range of weekly journals may be found, the quarterly reviews being in the library.

Mr. D. A. Sinclair (Victoria '36) as Curator is responsible for the care and checking of books, but no other supervision over the library is exercised. From the first the policy of the Library Committee has been to keep the shelves open at all times and to encourage the feeling that the contents of the library are the common property of members of Hart House. It is by this means that the unique character of the library has been preserved.

The members of the Library Committee for 1933-1934 are: Professor L. C. A. Hodgins (Chairman), Professor E. K. Brown, the Warden, N. J. McLean (Graduate representative), D. A. Sinclair (Curator of the Library), E. C. Apps, J. K. Blair, E. L. H. Burpee, C. A. Conway, M. M. Marks, K. M. Mayall, J. Palko, W. H. K. Ross, J. E. Walsh and W. S. Smith (Secretary).

### MUSIC COMMITTEE

The Music Committee directs and generally supervises the various musical activities of the House. The major function of the Music Committee is to arrange a number of concerts, recitals and songsters and thus to encourage and stimulate an appreciation for good music among the undergraduate members of the House. Pursuing the policy of former years, the committee has during the present academic year arranged eight Sunday Evening Concerts and a series of Friday Afternoon Recitals. The Sunday Evening Concerts, the most popular musical institution of the University, are held in the Great Hall of Hart House at 9.00 p.m. on Sunday evenings at stated intervals during the term. Owing to the generosity of the leading musicians of the city, undergraduates are afforded the opportunity of hearing music of the highest order and it is evident from the very large audiences which regularly attend them how much these concerts are appreciated. From the end of October and continuing until the end of February, Friday Afternoon Recitals are held each Friday at 5.00 p.m. in the Music Room. These Recitals have drawn a large number of undergraduates week by week.

A series of eight Songsters is held in the Music Room on Sunday evenings when there is no concert in the Great Hall and is conducted by Mr. J. Campbell

McInnes. From the first they have drawn a large and enthusiastic number of students. Mr. McInnes has again taken charge of the Songsters during the past year and their success is due to his brilliant direction.

The members of the Music Committee for 1933-1934 are: Professor H. R. Kemp (Chairman), M. St. A. Woodside, Dr. E. A. C. MacMillan, the Warden, F. R. MacKelcan (Graduate representative), H. J. Bright, G. W. Cairns, J. F. R. Crowe, J. A. Harley, N. F. Langford, J. G. K. McEwen, P. T. McGillicuddy, G. E. J. Schuett, J. K. Thomas and A. C. R. McGonigle (Secretary).

### BILLIARD COMMITTEE

The billiard room of Hart House is a recreation centre for a large number of undergraduate members. It is under the control of the Billiard Committee. The general idea of the Billiard Committee of past years has been to promote the English game of billiards in preference to other games. With this object in view a handicap tournament is held after Christmas each year, the winner having his name inscribed on the Hart House Cup. A snooker tournament is also held, the winner receiving a miniature silver cup. The policy of the Billiard Committee has been to see that good English billiard tables are provided and that the general equipment is in good condition.

The billiard room is a source of revenue to Hart House and financial statements are placed before the committee which is directly responsible, as are all other standing committees, to the Board of Stewards.

The members of the Billiard Committee for 1933-1934 are: C. R. Myers (Chairman), the Warden, C. A. Farewell (Graduate representative), C. J. R. Ballantyne, H. D. Hallett, J. S. McDougall, W. G. O'Brien, F. L. Shipp and A. F. Knight (Secretary).

### SKETCH COMMITTEE

The Sketch Committee is responsible to the Board of Stewards for the art activities of Hart House. They include control of the sketch room and the print room and the holding of exhibitions therein, the winter loan exhibition hung in the principal rooms of the House, the management of art classes under an artist and the occasional purchase of pictures.

The exhibitions during 1933-1934 have included a representative collection of recent work by Toronto artists; oils by Gordon Webber; woodcuts by Eric Gill; oils by John Russell; water-colours by Goodridge Roberts; oils by Kathleen Daly and George Pepper; the annual photographic exhibition arranged by the Camera Committee; European wood-blocks lent by the Art Gallery of Toronto and Medici prints from the National Gallery at Ottawa; oils by Will Ogilvie and two exhibitions of paintings and drawings, one by undergraduate members and one by senior members of Hart House. In the spring there was a display of work by Isobel McLaughlin, Prudence Heward and Sarah Robertson, and an exhibition by the Canadian Society of Graphic Arts.

At the close of the previous year Hart House purchased "Summer Morning in the Valley" by F. H. Brigden and the graduating year of 1933 presented "Summer" by Lemoine Fitzgerald.

The art classes held in the sketch room during the winter under the direction of H. S. Palmer have again proved very popular.

The members of the Sketch Committee for 1933-1934 are: Professor E. A. Havelock (Chairman), W. E. Carswell, Professor H. R. MacCallum, the Warden, A. Goggio (Keeper of the Prints), R. A. Daly, T. A. Fraser, F. Lasserre, D. V. LePan, C. W. Minett, O. H. Rumpel, W. G. Stobie, H. C. Waisberg, F. W. Woods, and J. R. Sime (Secretary).

#### CAMERA COMMITTEE

The Camera Committee which is a special committee of Hart House is responsible for the management of the dark rooms, the care of photographic equipment and the general encouragement of photography among the members of the House. On the occasion of the Masquerade a member of the Camera Committee took photographs of the prize-winners for records and the newspapers.

In January the committee arranged an exhibition of photography by members of Hart House in the main sketch room. This was one of the most popular shows of the year.

The camera rooms, enlarged two years ago, have proved very satisfactory and a large number of members are thus able to develop their interest in photography.

The members of the Camera Committee for 1933-1934 are: Professor A. F. Coventry (Chairman), the Warden, W. F. Haehnel (Graduate representative), H. W. Allen, H. C. Foster, G. R. E. Pitts, J. F. Weston and R. W. Mancantelli (Secretary).

## SQUASH RACQUETS COMMITTEE

The Squash Racquets Committee which is a special committee of Hart House is responsible to the Board of Stewards for the general control of the squash courts. The game continues to grow in popularity and several hundred members of Hart House are regular players. The Inter-Faculty and Individual Tournaments were again held and the names of the winners of these tournaments were inscribed on the boards placed in the gallery. Hart House was represented by two members at the Canadian Squash Racquets Championship held early in February at Montreal.

The members of the Squash Racquets Committee for 1933-1934 are: A. B. Fennell (Chairman), the Warden, N. F. A. Scandiffio (Graduate representative), A. D. Aldridge, B. M. Draper, M. H. Florence, M. Pasternak and N. M. Pivnick (Secretary).

## DEBATES COMMITTEE

On 31st January 1924 the first debate ever held in Hart House took place under the management of an informal committee appointed for that purpose. This debate was held on the open parliamentary system and special Rules of Procedure were drawn up by the committee. The debates room in Hart House was arranged as far as possible similar to the Provincial or Federal House. The Speaker's chair was placed in a central position, members for the motion being on his right and those against the motion on his left. After the four speakers "on the paper" had finished their speeches the debate was open to any member who having caught the speaker's eye might then rise and address the House. At 10.30 p.m. the House divided on the motion. There were no judges and the whole procedure was a definite attempt to get away from the competitive type of debate which is really an oratorical contest by which a team of three men from one university or faculty tries to win a victory over a team of three men from another university or faculty.

The aim of debates held under the Hart House system is to encourage real debating in contrast to the delivery of speeches carefully prepared for weeks beforehand and also to encourage among undergraduates an interest in public affairs

by discussing questions of general interest across the floor of the House with the country's ablest men. Among visitors who have spoken "on the paper" or from the floor of the House are the Hon. E. C. Drury, J. S. Ewart, K.C., the Rt. Hon. W. L. Mackenzie King, the Hon. W. E. Raney, K.C., the Hon. J. W. Nickle, K.C., Andrew McMaster, K.C., the Hon. Hugh Guthrie, the Hon. Manning Doherty, the Hon. G. Howard Ferguson, the Hon. W. H. Price, K.C., Miss Agnes Macphail, M.P., Dr. J. R. P. Sclater, Samuel McBride (Ex-mayor of Toronto), E. J. Garland, M.P., the Hon. G. S. Henry, Dr. W. Hamilton Fyfe, the Hon. Ernest Lapointe and J. S. Woodsworth, M.P. Representatives from McGill University were present at the January debate.

The outstanding event this year was the debate on 21st February at which the Prime Minister of Canada, the Rt. Hon. R. B. Bennett, was present as Hon. Visitor. The resolution was "That it is in the best interests of Canada to retain her present preferred position in Empire trade." After the speakers "on the paper" and the speeches of the other members from the floor of the House, the Prime Minister rose about 9.30 p.m. to wind up the debate. The House rose at 10.35 p.m. when the vote showed a majority for the motion (311-190).

The members of the Debates Committee for 1933-1934 are: Professor G. W. Brown (Chairman), E. W. McNnis, the Warden, D. J. Walker and A. Stark (Graduate representatives), R. A. Bell, H. J. Fair, S. H. S. Hughes, R. J. Miller, H. G. Skilling, A. R. Tilley, J. S. Woods and S. M. Hermant (Secretary).

#### GRADUATE COMMITTEE

The Graduate Committee which is a special committee of Hart House is responsible for the activities of the senior members. Dinners held at certain

intervals throughout the year and the Graduates Ball which takes place on New Year's Eve are organized by this committee. It has a general supervision over the graduate athletic activities as well as the graduate dining-room and sitting-room. The committee is elected at the annual meeting of senior members of Hart House in March of each year.

The members of the Graduate Committee for 1933-1934 are: D. G. Ferguson (Chairman), the Warden, A. M. Bell, J. T. Bryden, M. J. C. Lazier, B. C. Matson, J. R. Mooney, Dr. A. A. Somerville, A. B. Ward, the Comptroller, the Assistant Secretary and C. R. Delafield (Secretary).

### BOARD OF STEWARDS

The Board of Stewards is the governing body of Hart House and is so constituted as to include among its members the secretaries of the six standing committees and representatives of the chief organizations in Hart House. Subject to the superior authority of the Board of Governors of the University the direction, management and administration of Hart House including matters of discipline are entrusted to the Board of Stewards. The Board is assisted by a Finance Committee which makes recommendations with regard to financial matters. The general supervision of the whole house is entrusted to the Warden, who is appointed by the Board of Governors of the University and is ex-officio chairman of the Board of Stewards. He is assisted by the Comptroller of Hart House, J. R. Gilley (S.P.S. '21), the Assistant Comptroller, W. R. Cowan (S.P.S. '24), the Secretary of Hart House, C. R. Delafield (U.C. '30), and the Assistant Secretary, D. L. Emond.

During September, the British Commonwealth Relations Conference met in Hart House. Delegations were present from Great Britain, Australia, New Zealand, South Africa, India and Canada, the English delegation being headed by Lord Cecil and Sir Herbert Samuel. The conference which was unofficial and private was called to discuss matters of general importance to the British Commonwealth on the invitation of the Canadian Institute of International Affairs.

The members of the Board of Stewards for 1933-1934 are: the Warden (Chairman ex-officio), the Rev. Dr. H. J. Cody, T. A. Reed (Financial Secretary of the Athletic Association), the Hon. Vincent Massey (representative of the Board of Governors), Professor H. Wasteneys and Professor K. B. Jackson (representatives of the President), Professor J. E. Thomson (Faculty Union), D. G. Ferguson (Graduate Committee), I. M. Hilliard (Student Christian Movement), A. H. Squires (Athletic Directorate), R. C. Dickson (Students' Administrative Council), R. M. Archer (House Committee), D. F. Cornish (Hall Committee), W. S. Smith (Library Committee), A. C. R. M'Gonigle (Music Committee), A. F. Knight (Billiard Committee), J. R. Sime (Sketch Committee), and the Comptroller (Secretary).

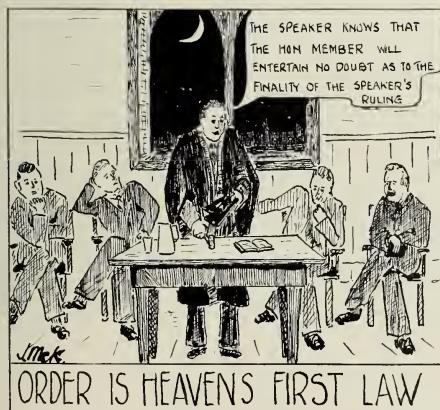

### STUDENT CHRISTIAN MOVEMENT

The religious life of Hart House is under the guidance of the Rev. L. A. Dixon who is the leader of the Student Christian Movement in the University. Afternoon addresses are arranged and groups meet regularly for study and discussion. The Chapel is used for services and is also open daily for private prayer and meditation.

The glass in the windows of the Chapel was collected from the devastated areas of France, Flanders and Italy and over the altar is a crucifix carved by Eric Gill and presented to the House by Sir Michael Sadler.

## Joint Executive, Students' Administrative Councils

THE work of the Joint Executive during the year 1933-34 has been efficiently and harmoniously carried on under the Presidency of Mr. D. Bruce Murray.

The various standing committees have functioned in a most satisfactory manner during the year. The Finance Committee, of which Mr. T. L. Avison is the Commissioner, has carefully controlled expenditures so that no important student activity has had to suffer, and it is estimated that the financial year will finish well within the budget. The Publications Committee under the commissionership of Mr. C. W. Tyson has fulfilled the important duties allotted to it, in spite of the difficulties attendant upon the change of "The Varsity" editorship at Christmas. The Debates Committee, with Mr. L. F. Geary as Commissioner, had a new interest this year owing to the Intercollegiate Radio Debates inaugurated after Christmas. Mr. S. H. S. Hughes acted as the representative of the Joint Executive on the Athletic Directorate and held as well the position of Commissioner of Sporting activities. This Committee equipped the University Band with new uniforms this year, administered the fund which provided for its out-of-town trips, and supervised the cheer-leading and other student features for rugby and hockey games. Mr. R. C. Dickson ably represented the Council on the Board of Stewards of Hart House. Mr. H. G. Skilling as Vice-President and Miss Jessie Gray as Second Vice-President, have rendered valuable service to the Council. Mr. Skilling as N.F.C.U.S. representative attended the biennial conference of this body at London in December and contributed very largely to the signal success of the meetings.

Following the happy precedent established last year, Dr. Cody in October entertained the Joint Executive at dinner. This social gathering was of particular value in bringing the members of the Council unofficially together and also affording the opportunity of becoming better acquainted with the President. On Friday, November 3rd, the annual banquet and bridge in honour of the Masthead of The Varsity was given by the Council in the Royal York Hotel. This function has proved of great value during the past three years in promoting happy relations between the Council and The Varsity staff.

At the Armistice Day service on November 11th, the Council attended in a body together with the Board of Governors, the Senate and Deans and heads of colleges. In December, Mr. M. K. Kenny, President of the N.F.C.U.S., visited the Council and outlined the work of this organization. In January the Council entertained two touring debaters from Bates College, Lewiston, Maine. Later in the month, Dr. Kotschnig, General Secretary of the I.S.S., outlined to the Joint Executive the work of this body and appealed for the support of the Council. On March 7th the Council honoured Dean DeLury on the occasion of his retirement from the staff of the University by arranging a banquet at the Royal York Hotel, at which he was presented with an order for trees to be planted at his country home, which might serve as a testimony to the affection in which he is held by the student body.

This year, the Council has assumed entire financial responsibility for the publication of the Directory of Staff and Students, and will, as last year, provide and make all arrangements for the annual graduation garden party in June. In the name of the undergraduates of the University, the Council sent wreaths for the memorial service on Armistice Day and on the occasion of the deaths of Sir Arthur Currie and Johnny Copp. A contribution was also made to the I.S.S. fund, and to the Copp Memorial Trophy.

One of the most valuable functions of the Council is the administration of the undergraduate Loan Fund. This now amounts to \$4,500.00, of which over \$1,500.00 was loaned this year to senior students who would otherwise have been unable to finish the year. The Council is greatly indebted to Mr. J. J. Gibson who acted as Chairman of the Loan Committee.

The Council feels much gratification that two of its members have been signally honoured during the past year, Mr. Gordon Skilling having been awarded a Rhodes Scholarship, and Mr. Sam Hughes a Massey Scholarship.

*Bottom Row:* W. W. SECCOMBE (2nd Yr. President), J. R. SCOTT (Athletic Director), H. G. SKILLING (President), A. F. W. PLUMPTRE (Hon. President), B. M. DRAPER (Literary Director), F. W. WOODS (Social Director).

## University College Literary and Athletic Society

THE eightieth year of the U.C. "Lit." was one of interest and activity. The feature of the year's programme was undoubtedly the celebration of the eightieth anniversary of the founding of the society which took the form of a special meeting of the now famous Parliamentary Club, followed by a dinner in the Great Hall of Hart House and then a regular "Lit." meeting in the Junior Common Room. Several more distinguished graduates spoke both at the dinner and at the meeting which followed it. Almost four hundred U.C. men turned out to pay homage to the "Lit.", which is the life blood of the literary, social and athletic activities of the college, the oldest in the University.

Another special feature was the publication of the rejuvenated "Undergraduate" magazine in the form of an historical number.

The awakening of the undergraduate body to current, political and other topics was evidenced in the large turnouts at the regular "Lit." meetings and the weekly sessions of the Parliamentary Club. The Robinette trophy debates, competed for by teams representing the various years, also attracted a record entry.

An amended edition of the constitution was passed after much debate in the meetings.

A commission appointed to report concerning the structure of athletic management in the College made several constructive suggestions which were adopted.

The various College teams were not winning ones, but were enthusiastically supported by the men interested in them.

The social season, while not a lucrative one, was most successful, winding up with the Arts Ball in the Great Hall of Hart House.

In every phase of its activity the "Lit." was this year, as always, an active unit fostering an esprit de corps which is so essential in a heterogeneous College like U.C.

### University College Women's Undergraduate Association

THE Women's Undergraduate Association is the self-government organization of the women of University College, and every woman registered in the College is a member.

The executive of the Association is composed of an Honorary President, who for the session 1933-34 was Mrs. J. F. Macdonald, a president, secretary and treasurer, an athletic director, a music convenor, the presidents of each of the four classes, the heads of the U.C. residences, and a representative from the U.C. Student Christian Association and from the Social Service Committee. The Dean of Women is an ex-officio member of the Council, and this year the Women's Debating Union was represented.

The W.U.A. supervises and finances the athletics, and looks after the other interests of the women of the College. It arranges a house party for the freshmen and seniors at the beginning of the term, and holds the official initiation.

This year four successful musicales were planned, as well as a joint meeting with the Literary and Athletic Society. The annual public speaking contest for the prize donated by the St. Margaret's Alumnae was also arranged by the W.U.A.

The annual meeting for the election of officers for the coming year was held early in March, officially terminating the activities of the Association for the year.

#### VICTORIA COLLEGE UNION

*Back Row:* R. DAVIDSON, P. ARMSTRONG, C. TODD.

*Bottom Row:* H. FORBES, T. AVISON, DR. W. T. BROWN, C. DEMPSEY, J. DOWLING.

### Victoria College Union

FOUR years ago, under the guidance of Edward B. Jolliffe and Joseph W. Binning, the Victoria College Union was created through the amalgamation of the Men's Student Parliament and the Women's Literary Society. At the present time, the Union is a federation of all the undergraduate societies and classes of Victoria College. The Union aims to further goodwill and co-operation among the undergraduates and the societies in the college. It represents Victoria in the undergraduate activities of the University.

The executive (1933-34) feels justified in repeating a very successful and harmonious year. The annual presentation of the Bob did credit to the efforts of the energetic committee. It was enthusiastically received by a capacity audience. The Victoria College At-Home, held in Hart House, was the gala social event of the season. The large number of graduates who mingled with the undergrads that evening were in no small measure responsible for the success of the function. Throughout the year, musicales have been held at Wymilwood each Sunday evening, and the committee in charge has presented programmes of varied interest and consistently high standard.

The executive is particularly pleased to mention the work of the Royal Commission, under the chairmanship of Mr. L. H. Cragg, which has done a very great service in revising the Constitution of the Union. The amendments of the last four years have been incorporated, all the inconsistencies and omissions of the original work have been cleared away, and the improvements found necessary after four years of operation have been made. It is hoped that with the new constitution the Union may function more smoothly and be of greater service to all undergraduates of the College.

#### ANNESLEY STUDENT GOVERNMENT ASSOCIATION

*Second Row:* HELENA ROBERTSON, LILLIAN BULL, HELEN MUIR, VELMA ARMSTRONG, DORA VICK, DOROTHY CLUGSTON, MARGARET DICKSON, KATHERINE HENDERSON.

### Annesley Student Government Association

THE Annesley Student Government Association had its origin in a petition sent to the Senate of Victoria College in 1912. This petition expressed the feeling then prevalent among the students, that it was highly advisable to "assume individual and community responsibility in the life and conduct of the Women's Residences." Such responsibility would make for the development of character and the promotion of loyalty to the best interests of the residences. It was founded upon an agreement between the Authorities of Victoria College and the resident women students, which agreement entrusted to the latter the management of all non-academic matters pertaining to conduct in residence. Annesley Hall was the first women's residence in Canada to adopt this system of self-government.

Each woman student of Victoria College in the residences is subject to the legislation of the constitution of "Asga." and is, in consequence, a member of the association. Representation from each of the four years is a factor in realizing the individual responsibility which each girl owes to the body which she herself has helped to elect. This spirit of active coöperation between members and executive is one reason for the success attained since the inauguration of the system. Another reason is the sympathetic support given to the organization by Dr. Norma Ford, Acting Dean of Women, and the Dons' Council, who following the tradition set by the former Dean, Miss M. E. T. Addison, do all in their power to work with "Asga" for the good of residence life. With such assistance "Asga" may hope to show itself in the future an even greater power in the life of Victoria College.

THE COUNCIL OF THE TRINITY COLLEGE LITERARY INSTITUTE, 1933

*Front Row:* O. G. BARROW (2nd Vice-President), J. R. ANDERSON (President), P. A. DUFRESNE (Speaker), A. B. MONTEITH (Treasurer), J. A. SEABROOK (Secretary).

*Back Row:* W. S. JOHNSON (1st Yr. Rep.), W. R. SALMON (Debating Secretary), W. J. GILLING (Assistant Treasurer), H. R. HOWDEN (1st Vice-President), R. F. WODEHOUSE (Curator), R. J. CHANDLER (Keeper of the Mace), C. G. YOUNGMAN (Clerk of the House).

## Trinity College Literary Institute

THE Literary Institute is the oldest institution in Trinity College, having been founded more than ninety years ago. It has as its motto "Feros Cultus Voce Formare" and following this has always been a medium for the expression of student opinion.

The activities of the Institute are varied. Regular meetings are held every Friday evening. These meetings take the form of party debates conducted under the parliamentary system, with the Speaker presiding and the Government and Opposition defending and opposing the motions. Due attention is paid to ceremony and traditional usages according to the customs of the parliament of Great Britain and Northern Ireland. Subjects for debate are usually topics of current interest on which the student body in general will be able to express an opinion. The government holds office until defeated at two successive meetings when the Opposition automatically becomes the Government, or until it is voted down on a motion of want of confidence, when a new election is held. The permanent officials, the Speaker, Secretary and Treasurer attend to the business during changes of Government.

An oratorical contest and a *Conversazione* may be held by the Institute, the *Conversazione* being in the hands of a special committee. It is one of the chief social events of the year and an excellent evidence of co-operation and good work on the part of the committee.

Special inter-college debates are held with St. Hilda's, University, Victoria and Huron Colleges. These and the regular meetings of the Institute have done much to foster public speaking among Trinity Undergraduates, as has been evidenced by the number who speak at the Hart House Debates and the number of Trinity men on the Hart House Debates Committee in recent years.

ST. HILDA'S HOUSE COMMITTEE

*Back Row:* ELIZABETH CLEMENT, EDITH ARDAGH.

*Front Row:* MARGARET McCULLOCH, MISS CARTWRIGHT, KATHARINE GISBORNE.

## The St. Hilda's College House Committee

THE House Committee of St. Hilda's College is composed of Miss Cartwright, Dean of Women and Principal of the College, the Head of College, and the Heads of the three lower years, who are chosen by the academic standing on which they enter the College.

This Committee meets every two weeks and has complete authority over all student activities as well as giving the final decision in all disciplinary matters.

St. Hilda's is self-governed by means of the year system. Under this system each year is a separate unit with its own duties and responsibilities. The Head of the fourth year is also Head of College and President of the College Meeting. The Head of the third year is Secretary and the Head of the second year, Treasurer. The College Meetings are held at least once a month, giving the undergraduates an opportunity to express their views on matters of current interest concerning St. Hilda's.

From the fourth year, with few exceptions, are elected the heads of the various organized societies. This year is also responsible for the management of the College. The third year has no particular duty except to assist the fourth year in maintaining College discipline, while the second year must train the Freshies in the ways of St. Hilda's and the duties which they must assume. The Freshie year is responsible only for the various House duties.

The Literary Society and the Women's Auxiliary are the largest and most active organizations in the College. The first is responsible for arranging the Inter-Year Debates, to the winner of which a shield is presented, and the presentation of four plays, another keenly contested Inter-Year competition. A Cup is presented to the year putting on the best play.

The Women's Auxiliary also adds to the fullness of College life by putting on an Annual Bazaar and Tea, the proceeds of which go to aid missionary work. This organization also undertakes considerable sewing and knitting for charitable organizations.

During the year various class parties and receptions are held and two formal dances are given—the St. Hilda's At-Home and the Soph-Senior.

## The Medical Society

**T**HIS year the Medical Society completes the thirty-ninth year of its existence. During these years the activities of the Society have broadened considerably, but the fundamental principles laid down by its founders in 1895 still form the basis of its operations.

The Medical Society Executive and its subsidiary organizations control a wide variety of faculty activities. Important amongst these are the publication of the University of Toronto Medical Journal, the annual presentation of Dafiydil Night, the control of faculty athletics, and the organization of the Annual Medical At-Home. The Society also sponsors a number of Open Meetings which provide opportunity for the undergraduates in medicine to hear prominent men speak on topics of general interest. Outstanding among these meetings this year was one addressed by His Honour the Lieutenant-Governor, Dr. H. A. Bruce.

That the Medical Society fills a real need in the Faculty has been well demonstrated in the past by the interest shown by the student body at the annual elections held in February. The same enthusiasm prevailed this year and would seem to indicate another successful year for the Medical Society.

#### EXECUTIVE OF MEDICAL WOMEN'S UNDERGRADUATE ASSOCIATION

*Back Row:* H. SCOTT, H. GATES, I. BOOTH, M. HARCOURT, J. LANG.

*Front Row:* B. MACQUARRIE, DR. M. HILLIARD (Hon. President), J. GRAY (President), M. MARSHALL (President S.C.M.), J. MCGEACHY.

### Medical Women's Undergraduate Association

THIS organization was established in 1907 for the purpose of promoting a feeling of unity and fellowship among the women undergraduates in Medicine. The above picture is of the executive of the year 1933-4.

Activities opened in the fall with a tea for the freshettes given by Dr. Marion Hilliard, the Honorary President. This was followed very closely by the Initiation Ceremony held at the Women's Union. The freshies were introduced into the Medical Faculty with the traditional procession of candles which was most impressive, followed by a formal welcome from the President, Jessie Gray, and skits.

The common room, which was newly decorated this year, was the scene of a tea dance attended most enthusiastically, especially by the men.

The formal function of the year, the Nabob Tea, was held at the University Women's Club on January 27th. Several of the professors' wives and Dr. J. Sproule Manson poured tea. The tea table was attractively decorated with spring flowers and the afternoon was most pleasant for all who attended.

On February 22nd, the Daffydil Banquet was held at the Diet Kitchen in honour of the medettes who gave a very creditable performance in Daffydil Night under the able management of Jessie McGeachy. At this dinner Dr. Van Wyck showed some very unusual slides and his talk was exceedingly interesting.

Eleven medettes become doctors this year. Although they look forward to the future with high hope, they leave their undergraduate comrades with regret. We wish them luck and all success.

## The Engineering Society

THE Engineering Society is the representative of the undergraduate members of the Faculty of Applied Science and Engineering. It has a membership of 883 students. It came into being on February 16th, 1885, largely through the efforts of their student body and head of the faculty. During the first few years of its existence the President was the Principal of the Faculty. In 1888, however, it was felt that the student body was capable of handling its own affairs and so the constitution was altered so that the entire Executive was elected from the student body. This system has continued and the election of officers is held every year prior to the end of the session.

Every undergraduate automatically becomes a member of the Society by registration at which time a fee is collected. Administration of school affairs is handled by the Engineering Society which, by constitution, consists of the following officers: President, First and Second Vice-Presidents, Secretary and Treasurer, together with the Four Year Presidents and the Chairmen of the Seven federated and affiliated clubs, the President of the Athletic Association and the Director of Publications and Publicity.

The President is the mouthpiece of the Society. He presides at the Engineering Society Executive Meetings, and at the open bi-monthly meetings. The Vice-President is the head of the social activities of the Society. He selects and is chairman of committees which organize the Annual School Dinner, School-Nite, and School At-Home. The Second Vice-President is the Supply Store Manager. This store, which is a part of the Engineering Society offices, handles all current academic necessities less text-books. The Secretary has the usual duties. The Treasurer is held accountable for all moneys paid out and receipts. He is our financier.

The Society issues two publications, "Transactions and Year Book," published in the spring of each year, and that paper of papers, Toike Oike, which is issued now and then as doings warrant. These publications, together with any publicity, is directed by the Director of Publications and Publicity.

The social activities of the years are directed by the respective year presidents. The individual clubs, the Architectural, Chemical, Civil, Debating, Electrical, Mechanical and Mining and Metallurgical, seven in all, hold meetings, smokers, and dinners where prominent men discuss topics of special interest.

Athletic administration is carried out by the President of the Athletic Association. Through this channel, the Society sees that School takes an active part in all athletic pursuits by having representative teams in every branch of interfaculty sport.

On the whole the Engineering Society is a typical engineering organization. It is vitally active and so ordered that contact may be made with any one or group of undergraduates within a very short time. Its object is to serve the highest interests of Schoolmen and form a constructive part of the undergraduate's life.

FACULTY OF DENTISTRY, CABINET OF STUDENTS' PARLIAMENT, 1933-34  
University of Toronto

## Students' Parliament—Faculty of Dentistry

THE Students' Parliament is composed of all the undergraduates enrolled in the Faculty of Dentistry. All student activities are supervised through the medium of an executive known as the Cabinet, which consists of twelve members elected annually in March, by popular vote. Parliament provides an official channel of communication between the student body and the staff of the Faculty as well as the Students' Administrative Council and the other undergraduate governing bodies in the University.

Cabinet is made up of President, Vice-President who is also President of the Senior Class, Treasurer, Secretary who is President of the Fourth Year Class, President of Athletics, President of At-Home, President of Dramatics, Editor of Hya Yaka, the undergraduate publication, Torontonensis Representative and Chief Varsity Reporter, and the Presidents of Third, Second and First Year. The President of Parliament is, *ex-officio*, a member of all committees and is directly responsible for all their activities.

The Constitution of Parliament has been evolved during the fifty-nine years of student government since 1875-76. The sessions of 1896-97, 1909-10 and 1925-26 were milestones in its growth. The latter date especially, was a turning point when the School of Dentistry of the Royal College of Dental Surgeons of Ontario became the Faculty of Dentistry of the University of Toronto and changes had to be made to conform to the provisions of the Constitution of the Students' Administrative Council. Amendments may be made to the Constitution at any time upon a majority vote of Parliament following a week's "notice of motion."

J. W. DONALDSON, B.A. (Critic), R. V. METCALFE (Curator), R. N. SAVARY (Secretary),  
F. J. COLEMAN (Speaker), REV. L. F. GEARY, B.A. (President),  
R. C. GOOD, L. Th. (1st Vice-President), E. RIGBY (Treasurer).

## Wycliffe College Literary Society

THE Wycliffe College Literary Society resumed its activities at the beginning of the Fall Term under the Presidency of the Rev. Leonard F. Geary, B.A. At the first meeting Mr. F. J. Coleman was elected Speaker of the House and has very capably guided the meetings of the House through the mazes of student politics. The hearty co-operation of the members together with good programs has enabled the Society to enjoy another successful year.

The Society has had several outstanding speakers and has profited much from their addresses.

The debates for the Taylor Trophy have been of great interest and high standard. The winners will debate in London against Huron College on behalf of the Society. Steps have been inaugurated by the Society to revive the Inter-College Debating League among the Theological Colleges on the Campus.

The Annual Oratorical Contest has been held and was very successful, the speakers all giving addresses of a high character. Under the editorship of Mr. F. C. Jackson, B.A., "Cap and Gown" has risen to new heights of literary merit, and Mr. R. V. Metcalfe as manager has placed the magazine in a financially sound position. Other activities of the Society are in prospect at the time of writing, notably the At-Home, and when the end of the year's programme is reached, the Society will be able to look back upon another year of achievement.

## St. Michael's College Students' Administrative Council

THE year 1933-34 was a most successful one for The Students' Council at St. Michael's. Early in the Fall the freshmen were introduced into our midst at an excellent reception in Hart House. At this reception they showed themselves to be a worthwhile addition to our College life.

Something new was added to our list of activities in the form of Intra-Mural Debates. This met with great favour amongst the students as was amply shown by their indefatigable interest. At the time of going to press the successful debaters have not yet been chosen, but the finals are almost completed.

The students under the capable direction of J. E. O'Donnell are presenting one of the greatest ventures in the history of our College Dramatics, "The Marriage of Saint Francis," by Henri Theon, to be staged in Hart House in the forepart of March.

The activities of the Council reached their zenith on the night of the Arts Banquet, when professors and distinguished citizens graced our head table at a sumptuous repast. In the words of a graduate student—it was his most enjoyable banquet.

The year is only half over and we look forward to even greater achievements. The future looks bright for a Spring Semester with The Students' Parliament lighting the way.

We thank everyone who contributed to our efforts and hope that the Council of 1934-35 may meet with as equally fine support.

## O.V.C. Students' Council

THE Students' Council, which represents the Student Body, is composed of three Seniors, three Juniors, three Sophomores and two Freshmen, making a total of eleven members.

By the formation of this Council we have a recognized means of communication between College and Civic authorities, and the Student Body. The Council aims to promote a feeling of good will and sportsmanship among the students, to aid them in every way and to form a close relationship between the students and faculty.

Last year an Athletic Association was formed within the College and since then there has been much more active competition in inter-year sports. In the near future we hope to obtain a charter and then enter intercollegiate sports.

The Science Association has been a very active organization. Many interesting papers were read and accepted. A distinguished guest speaker is usually in attendance at each meeting.

Another addition to the student activities was the formation of a Glee Club, which enjoyed a most successful year.

The numerous Vet. dances held throughout the year help us to carry on with an air of happiness and content, while trodding the road to knowledge and success.

The Council gladly acknowledges the fact that the men of the O.V.C., Dr. McGilvray, and the Faculty, played a highly important part in making this year a complete success.

### Knox College Undergraduate Association

THE Undergraduate Association of Knox College has as its aim the presentation of a varied programme to the students in residence during the school term. With this aim in view the Association is organized into three committees, namely: House, Programme and Worship, and Athletic.

The House Committee with the coöperation of the men in residence, has dealt ably with all matters pertaining to the comfort and general welfare of the student body, and has done much to achieve the harmonious feeling so essential to residential life.

The Programme and Worship Committee by its promotion of the Annual Skit Night, Christmas Dinner and the "Purple and White" At-Home, has catered very successfully to the social life in the residence, while the Chapel services conducted each morning have contributed to the spiritual side of Undergraduate life.

The Athletic Committee has endeavoured to keep Knox teams to the fore in interfaculty athletics. For the sixth year in succession the Soccer team has won the Arts Interfaculty Cup, testifying very forcibly to the supremacy of the College in this sport. The Lacrosse team, on its initial venture into interfaculty competition, after strenuous competition, was able to bring home another trophy. The Hockey, Basketball, and Baseball teams also look forward to an auspicious season.

The meetings of the Association are held monthly and are conducted, as closely as possible, according to parliamentary procedure. The government has, in the face of a very alert opposition, been obliged to consider well its policies before presenting them to the House, and as a result, an efficient type of student government has been attained.

### The Emmanuel College Students' Society

THE Emmanuel College Students' Society, with only a few years of history behind it, has succeeded in uniting the old traditions with a new and unique spirit of the fellowship of our common mission. In this we have been aided by the intimate bonds of friendship between professors and students and by a closer sympathy between Church students in Arts and men in Theology.

The student activities of Emmanuel are under the direction of various committees whose work is integrated and made effective by the executive of the Emmanuel College Students' Society.

The Worship Committee seeks to deepen the spiritual life of the College by arranging for chapel services, communion services, and retreats.

The Missionary Committee seeks to stimulate interest in Missions, not only in the College, but in co-operation with the Church Home Mission Board, to send out men experienced in summer missions to enlist the support of the Church Community.

The men in residence are governed and provided social advantages by the residence committee. Musicales and other functions enhance the unique quality of residence life.

The Athletic Committee endeavours to promote athletics in such a manner as to provide an opportunity for recreation for every student. This Committee develops teams for interfaculty competition in basketball and hockey. On the Rugby and Soccer teams of Victoria University, Emmanuel was well represented, both teams reaching the semi-finals. In the Rugby finals, the epic struggle with Senior S.P.S. will not soon be forgotten.

The Vice-President's Committee in seeking closer fellowship between the Church students in Arts and the Theological students, is performing a worthy function.

In the freedom of the larger University life, Emmanuel students have not been insensitive to the broader and more cultural interests which are so necessary in rounding out the narrower life of seclusion and study.

## The Foresters' Club

THE official organ of student government and social activity within the Faculty is the Foresters' Club.

Throughout the year, fortnightly meetings are held when matters of club business are dealt with and when members are enabled to meet with men who are leaders in state, industry and the sciences.

The Undergraduate Night, when the topics are taken by Club members, provide in some measure for the development of self-expression through public speaking.

Soon after the Seniors return from Fall Camp at Achray, the Foresters' Stunt Night is held. This event is featured by Dean Howe's address, the First Year Skit, and the wearing of bush attire by those present.

The Annual Banquet is the first social function of the Easter Term and is a very effective method of introducing alumni and undergraduates.

The Foresters' At Home, held in Hart House each February, would not seem to be the natural habitat for a Forester, but annual experience proves that the Woodsmen find the environment eminently congenial.

Graduates and Undergraduates are kept informed of each other's doings through the medium of the Yearly News Letter, sent out each spring.

### The Commerce Club

THE Commerce Club's thirteenth year has passed, and with it the members' fear of the "jinx 13". While it is true that our membership has not increased, a substantially larger percentage of undergraduates "in Commerce" have seen fit to pay their club fees.

Since its inception, the aim of the Club has been twofold, firstly to promote an esprit de corps among undergrads of the course, and secondly to fill the services of a professional organization, in bringing men of broad experience into contact with the membership.

This year our annual banquet was honoured by the presence of Sir William Clark, who spoke on the subject: "Changes in the conception of the Government's relation to Business." A number of Smokers and meetings were addressed by such men as, Sir Arthur Steel-Maitland; Professors Plumtre and Parkinson; Mr. Bickersteth; Dr. Ehrmann-Ewart; Dr. Booth; Mr. Ross.

A most successful At-Home was held in the Roof Garden of the Royal York Hotel, as well as an informal Fall Dance at the Embassy Club.

The Crocombe Trophy for the Squash tournament was won by Mr. A. Aldridge.

The second issue of the Commerce Journal which was published in February, even surpassed the previous issue and definitely established itself as a journal of economic thought worthy of this University.

The introduction of the Commerce Pin was most enthusiastically received by the members.

It is fitting that this note should be ended with a word of thanks to those members of the staff, graduates, and friends who have this year so graciously aided the Club in performing its valuable service.

### ACTIVITIES 1933-34

We started the year  
With a study, to clear  
Our conception of N.R.A. action  
We pondered with glee,  
The exploits of Nazi,  
A disrupting and violent faction.

We studied the fate,  
Of the corporate state,  
And the needs of a young politician;  
We argued with force  
On the probable course  
Of the farmers' disastrous position.

Then, "Good-bye to cares,  
And these muddled affairs,"  
We said as we dined at our banquet;  
"Drink a toast to them all,  
May they cease to appal  
Our successors," we sang as we drank it.

### Torontonensis 1934

IT has been our constant effort to introduce some improvements to this year's volume of TORONTONENSIS and it is our hope that they will meet with your approval. We have heard it said, and with some justification, that our Year Book has become stereotyped. To this accusation we would reply that it is well-nigh impossible to introduce any changes without overstepping the budget.

This year, however, we have introduced a new feature, in the form of a beautiful duotone aerial view of the Campus, and a new set of border designs which are modernistic and yet simple. The art work is, in our estimation, of a very high standard, and the Campus Life Section very successfully throws light upon Undergraduate activities.

In dedicating this volume to Johnny Copp, whose memory will ever live in the hearts of his fellow students, and whose inspiration will ever spur us on to greater heights of service, we extend our profound sympathy to his family and friends.

The Editor wishes to personally thank his Board and the Representatives, without whose loyal co-operation the appearance of this Volume would be impossible. We also desire to acknowledge with sincere thanks, our appreciation to Mr. W. J. Dunlop, who permitted us to use the aerial view, of which he possesses the copyright. And last, but not least, we would not forget Mr. E. A. Macdonald, the Business Manager, who with all his multitudinous duties, has given unstintingly of his time and genial inspiration.

As TORONTONENSIS goes to press, we desire to express good wishes to all as they depart from their Alma Mater to take up their varied careers.

## The Varsity

**T**HE *Varsity*, under the editorships of Mr. DeCourcy H. Rayner and Mr. Arthur C. Cochrane, enjoyed its most successful year since changes affecting the publication of the paper were made in the constitution of the Students' Administrative Council, following the editorial regime of Mr. Andrew Allan in 1930-31. Due to the pressure of studies, Mr. Rayner resigned at Christmas and was succeeded by Mr. Cochrane, a second year theological student at Knox College.

A new daily column made its appearance in *The Varsity*, "News of the World in Brief."

A vigorous editorial policy was maintained throughout the year with timely articles on such subjects as Sensationalism in the Press, Hart House Theatre, Charges of Radicalism at the University, Decline of Party Politics, Pacifists and their Methods, Central Banking, Relation of Church and University to the State, Education and Revolution, Decline of Civilization, the Church in Germany, Hitler and the Jews, and four editorials dealing with the inadequacy of existing educational methods.

An editorial campaign for a new library was conducted, the success of which remains to be seen.

The editors feel that, notwithstanding the evident progress the paper has made this year, 1934-35 will witness still greater efficiency.

## The Undergraduate

THE UNDERGRADUATE is published under the joint auspices of the U.C. Literary and Athletic Society, and the Women's Undergraduate Association.

This year's issue was devoted particularly to the celebration of the eightieth anniversary of the former. A History of the "Lit." by R. A. Bell was the feature article. Historical accounts of various other features of U.C. were also included.

A complete break with former editions of the magazine was effected, personnel and policies being completely changed. Both size and number of pages were very considerably increased, so that the usual features of the magazine were included, as well as the historical material. A successful effort was made to include practically all shades of U.C. opinion, with the result that a magazine, representative of the College as a whole, resulted. Moreover, the policy of including articles by members of the faculty was discontinued, all contributions but the foreword being by undergraduates or recent graduates. Some slight financial assistance from the "Lit." and the W.U.A. put the magazine on a more secure financial footing than in the past. It is to be hoped that the arrangements now under way will place the UNDERGRADUATE on an officially supported basis, as in the case of other College Journals.

### Acta Victoriana

AFTER several months of nerve-shattering experience as editor of *Acta Victoriana* we are forced, like our predecessors of recent years, to the conclusion that Victoria College is in a condition of literary bankruptcy. Appeals for contributions remained unanswered, and had it not been for the hard work of a splendid staff, *Acta* might never have made its appearance. The only hopeful sign of the year was the annual literary competition when we received more entries than could be published.

In 1878 the first editor of *Acta* said that the magazine aimed to record the "doings of Victoria." We have altered that policy somewhat. Special departments deal with important events of the month at Victoria, while the feature articles concern matters of current interest. If too much stress has been laid on political conditions we have no apologies to make. As a student in the Modern History course we are primarily interested in applying the lessons of history to the present. Since we had to do all the work connected with the make-up of the magazine, and search for contributions, we made it the embodiment of our opinions.

Finally, we desire to express our appreciation of Business Manager Cec. Wilson, whose hard work in coralling advertisements made it possible to run the magazine according to schedule.

### Trinity University Review

THE Trinity University Review, under the name of "Rouge et Noir", was started in 1880 by Archibald Lampman, together with several famous contemporaries. In 1889, the year after the name was changed, Convocation came to its aid financially, and in return for a stated number of copies and space rights, agreed to make a yearly contribution. From that time the Convocation Editor has sat as Chairman of the Review Board.

The Magazine has no definite policy, nor any partisan axe to grind. It endeavours to reflect the current trends of thought among the undergraduates, which are of course—to mention only a few angles—acute, dogmatic, stupid and amusing. 'Worms', in accordance with an old tradition are expected to submit one article or poem, but apart from this there is no compulsion to write; yet the Editor cannot complain of apathy or indifference towards the College paper, for he is rarely short of copy. For this he has to thank a very active student body.

It is published eight times a year, with a circulation of 1,100 copies.

### St. Hilda's Chronicle

THE St. Hilda's Chronicle is the official publication of St. Hilda's College, and is the only women's magazine in the University. It was founded about 1900, when there were only eight students in the College and it has been published every year since that date. For many years now the staff has been composed entirely of undergraduates. The main features of the magazine are articles, stories, poems and a general review of activities in the College, including Sports, Debates, and Dramatic Criticisms.

Last year there was only one issue of the Chronicle but this year we returned to the old custom of having one issue at Christmas and another at Easter. There has been an increased number of contributions from both graduates and undergraduates with the result that the Chronicle has become of more general interest.

## Transactions and Year Book

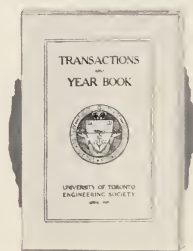

**T**RANSACTIONS and Year Book is the official publication of the University of Toronto Engineering Society. Published at the end of the academic session it reviews the events of the past year and records another page of School history. A copy is provided for every undergraduate and a copy is also sent to every man of the past two graduating years.

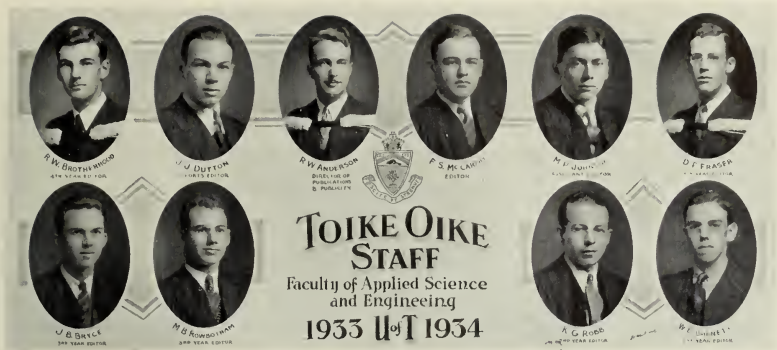

The Transactions part of the publication presents the addresses delivered during the year at the Engineering Society meetings and has recently been broadened to include several of the year's best student theses. This makes highly instructive technical reading comparable with the best engineering journals.

The Year Book Section reviews the executive, social and athletic activities and is illustrated with photographs of the executives, committees, teams, "T" holders, "S" holders, and graduating years of each department.

Thus the six editions available to each man going through School, form an interesting and valuable résumé of his student days.

The Board would like to take this opportunity of thanking all those who, through their co-operation, have helped to bring this edition into being.

## Toike Oike

THE Toike Oike is the official organ of the Engineering Society. In size, at least, it is a modest little journal and devoted to the interests of Schoolmen. Publication is rather spasmodic, an issue appearing whenever the need arises.

During the past year there were Freshman, Initiation, Reunion, School Dinner, School Nite, School At-Home, Election, and Graduation editions. These, needless to say, were printed to further interest in and furnish information concerning the above events. Of special interest were the Reunion edition which served to welcome graduates back and the School Nite edition which was used as a programme.

In addition to this, the paper conveyed to its readers news from the various club chairmen, a comment on "School" sport under the name of "Sportoike," a few sketches of a lighter nature and various other articles of interest to the Engineer.

## Hya Yaka

THE Dental Hya Yaka was founded thirty-one years ago. Mainly through the efforts of Dr. W. E. Willmott, its first editorial board was established; and the first issue appeared in 1903 as a quarterly of the Royal College of Dental Surgeons. Dr. Oliver Leslie has the honour of being the first editor and closely associated with him were Doctors Corrigan, Husband, Davy and Large. Later Hya Yaka became a monthly publication and continued so till 1929 when it was changed to a year-book, the official publication of the undergraduate body of the Faculty of Dentistry.

The Editorial Staff includes representatives from the students in all years. The interest of members of the Faculty and graduates has always been most helpful and gratifying to those in charge of the undergraduate publication. As a year-book, Hya Yaka carries out the purposes of its organizers and in so doing is indispensable to the life of the College. It stimulates the students to literary endeavour, furnishes a record of all sporting and social events of the year and supplies the students with a knowledge of the latest dental research along with articles on topics of the day related to dentistry.

#### UNIVERSITY OF TORONTO MEDICAL JOURNAL

### University of Toronto Medical Journal

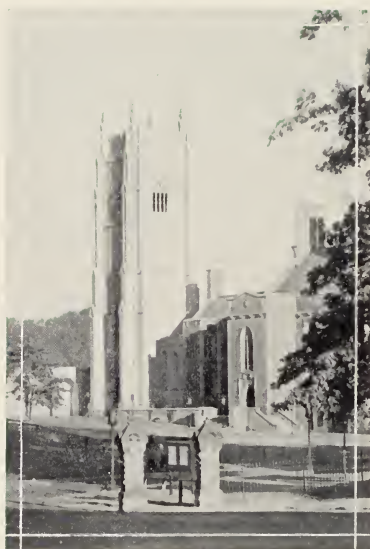

THIS, the eleventh year of publication of the Medical Journal, finds it little changed in style from that of the original issues of 1922-23, being published, as it has always been, several times a year from November to May, by the Medical Society. Its functions are to serve as a medium for student expression and to bring to the student recent articles of scientific interest. Whatever changes have taken place during the last eleven years have been such as to fulfill these purposes more completely.

In the earlier years the majority of the articles published were written by graduates and members of the Staff, but recently more and more space has been devoted to the efforts of students. While the Journal serves as the official organ of the Medical Society by reporting Faculty news and activities of the Medical

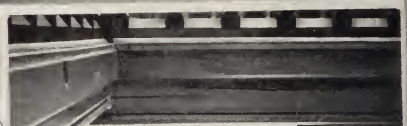

undergraduate body, this remains only a minor function so that the main value of the publication lies not only in its service as a medium for student expression but largely in the fact that it has proven to be an excellent source of information on clinical topics both to the undergraduates and also to an increasing circle of graduate and staff subscribers.

It is the hope of the Editors that in future years, more articles of scientific interest not directly related to Medicine and more articles reprinted from other Journals will be included in its pages in order to make it even more interesting to the undergraduate body as a whole.

DENTAL AT HOME COMMITTEE, 1933-34

A. H. ROGERS, W. G. WOODS, D. A. MACDONALD, F. O. WHETHAM, M. R. MCNEILL (Pres.),  
G. HUDSON.

*Absent:* DR. H. A. HOSKIN (Fac. Rep.).

## Dental At-Home—1934

THE At-Home Committee consists of a representative from each of the five years and a President elected by the Students' Parliament. Supervision of the committee is in the hands of Dr. H. A. Hoskin, the representative from the Faculty.

In the Fall a delightful Hallowe'en dance was held in the Venetian Room of the Royal York Hotel. The colourful decorations and the novelties were in keeping with the season. Patronesses for the occasion were Mrs. A. D. A. Mason and Mrs. Lloyd Davis.

The Annual At-Home in the Roof Garden of the Royal York was a real tribute to the executive ability of the committee. Mr. M. R. McNeill, the chairman, spared no effort to make this the outstanding social event of the year. Good music, dimly-shaded lights and refreshments 'made' the evening for the large gathering. Mrs. Wallace Seccombe, Mrs. C. A. Corrigan and Mrs. W. L. Hugill received the guests.

## School At-Home

ONE of the greatest advertising campaigns ever presented on this Campus ushered in the foremost party of all time. Dreamy music, shadowy lights, beautiful ladies, and the usual School "camaraderie" combined to produce the gayest "School At-Home" ever staged by the Engineering Society. The traditional glamour of this function was even more scintillating than in previous years.

Tantalizing music was provided by the most popular band in Ontario, the Wright Brothers' Orchestra. Then that celebrated dance team of Wes and Lisa Adams presented three sparkling numbers to the great delight of the cheering throng.

At midnight Walter Winter sat down at the console of the mighty organ and enticed people into the Concert Hall with his pleasing tunes. The serving staff produced satisfying viands from the great kitchens and everyone was contented. The blue, gold, and white colours of the faculty predominated and made a pleasing decorative scheme.

Dr. and Mrs. H. J. Cody and Dean and Mrs. C. H. Mitchell were amongst those who acted in a patronage capacity. Representatives from McGill, Queen's, McMaster, O.A.C. and all the other faculties added to the distinction of the evening with their colours.

The official attendance of 630 exceeded all previous records and proves that depression days never existed amongst engineers. Of course, when the barriers were let down another hundred availed themselves of the opportunity to sample a real party.

The committee is happy to know that the result of their efforts met with such great approval. They also thank those who so patiently waited until 2.30 in the foyer when they were allowed into the dance. They consider it a tribute to the acknowledged supremacy of the School At-Home on this Campus that so many outsiders should try so hard to crash this party.

## School Dinner

THE 44th consecutive annual School Dinner is but a memory which lingers prominently in the minds of those who were wise and attended. Without a doubt it will go down in the annals of School history as the most successful dinner ever presented.

The very energetic committee, after several weeks of toil and trouble, witnessed the culmination of their efforts on Tuesday, December 5th, 1933. Approximately six hundred Schoolmen taxed the capacity of the Great Hall in Hart House. The decorative system was the most superb display ever erected. In fact everything in conjunction with the dinner was novel, new and different and the traditional glamour carried on. It will be very difficult in future to surpass the excellence of this function but Schoolmen are able to accomplish anything.

Sir William Mulock started the dinner with his presentation of the Mulock Cup to the victorious Senior School Rugby Team. The stirring eloquence of his address proved a fitting commencement for the evening. Then came a real turkey dinner with all the essential trimmings. The School dessert this year was particularly attractive and palatable in an engineering manner. Digestion was assisted after the Toast to the King by a short lively sing-song led by Ross Workman in his inimitable manner.

The speeches of the evening were very limited and of exceedingly good quality. President Tyson proved a very excellent chairman and controlled everything with an iron hand. Colonel C. S. L. Hertzberg, a prominent graduate of our institution practising in Toronto, proposed the toast to the University in a very witty manner. J. J. Gibson, prominent in downtown financial circles and a leading member of the Board of Governors of the University, replied to this toast. His mention of his high regard for engineers met with the approval of all present. Next Dean Mitchell with his theory of probability, introduced the big event of the evening—the guest speaker. Dr. O. O. Lefebvre, Chief Engineer of the Quebec Streams Commission and President of the Engineering Institute of Canada, delivered some very excellent advice to the embryo engineers on the difficulties arising in engineering. With the corridors echoing and re-echoing with an ear-splitting Toike Oike another dinner was added to the pages of the ages.

## School Nite

WHEN a brief two weeks had elapsed after the dreaded Christmas exams, Schoolmen were ripe and champing for an opportunity to trip the light fantastic and view the efforts of their peers in the realm of the drama. This all signifies that on Friday, January 19th, School Nite occurred, or should we say took place. Fun and games were the order of the evening.

We were honoured in having as patronesses: Mrs. E. A. Allcutt, Mrs. R. R. McLaughlin, and Mrs. C. A. Smith. This year, following the plan inaugurated last year, it was decided to hold skits in the form of "The Revue" in the large gymnasium. The first performance began at 8.30 and continued on into the second without intermission.

Dancing to John Crawford and his orchestras took place in the big gym, East Common Room, Reading Room, and the Music Room, continuing until 1.00 a.m.

In the Water Polo game, Senior School managed to take their Juniors just as Grant took Richmond, with an exhibition of fancy diving between periods.

Messrs. the Mad Chemists of 3T4 delighted (?) the audience with their burlesque of the Hart House kitchen while the Civils added a touch of reverence to the occasion with their "Pearly Gates" Scene.

Messrs. Bell and Hill out-terpsichored Terpsichore with their charming effort at dancing while Bill Armstrong and his horse "Pansy" had them rolling in the aisles.

### University College Players' Guild

VARIETY seemed to be the guiding principle in the programme of the University College Players' Guild this year. Starting with a modern farce by John Drinkwater, "A Bird in Hand," the Guild produced a number of plays, including an Eugene O'Neill melodrama, "Where the Cross is Made," a Shakespeare comedy from "Measure for Measure," an eighteenth century comedy of manners, "She Stoops to Conquer," a modern problem play, Van Druten's "Young Woodley," high comedy in one of the "Anatol" sequence by Schnitzler and Greek tragedy in the "Medea" of Euripides.

In its selection of plays, the Guild has tried to give all its members an opportunity to act and, at the same time, to provide the audience with a taste of various dramatic forms. The discussion after each performance, though sometimes weak and not particularly constructive, has added interest to the productions and given encouragement to actors and directors. As Torontonensis goes to press, the Guild is hoping to produce a number of original plays by its members, an enterprise to which it can only make a rather doubtful claim for last year.

The question of doing an evening production at Hart House was discussed, as usual, and rejected on the grounds that the Guild lacked experienced actors and sufficient financial backing, and because of the difficulty of obtaining adequate direction. Apart from the strengthening of its personnel, which is highly encouraging, the Guild has had definite promises of financial support and fully expects to stage an evening production next year.

### Daffydil Committee

DAFFYDIL NIGHT, the annual Medical invasion into the field of dramatics took place in Hart House Theatre, Thursday and Friday, February 16th and 17th. Under the capable direction of Mr. Edgar Stone, the Hulberts and Wests of the Faculty of Medicine presented a fast running show which brought gales of laughter from capacity audiences. Daffydil Night is unique among Medical Schools in Canada and is the oldest presentation on the campus. It was started in 1897 as a puppet show by the late Dr. H. S. Hutchison. It was held in Convocation Hall until 1929, when it moved to Hart House Theatre. Each Year and the Medettes present short skits, which are judged and a cup awarded to the winner. This year, the fifth year were successful in winning the cup. Special mention should be made of the present sixth year, the class of 3T4, which has won the cup on four occasions.

Much of the credit for the success of the show this year goes to the chairman, Mr. H. V. Cranfield. Other features of Daffydil are Epistaxis and the Annual Banquet. Epistaxis is a glorified programme that has become very popular. The Banquet was well attended and proved very entertaining to all. At this function, a trophy was presented to the student showing the most outstanding acting ability, Mr. J. U. Coleman, of the fifth year. The trophy was presented in memory of the late Dr. Henry Seaton Hutchinson by a group of his associates.

### Dramatics and Royal Dental Society

THIS activity incorporates three main features during the School year—Noctem Cuckoo, Dentantics and meetings of the Royal Dental Society. Noctem Cuckoo is the dental night at Hart House, the occasion being marked by an elaborate informal dance preceded by Water Polo and Basketball games. A Junior and Senior Skit competition is held, the winner receiving the Gaston Brule Cup. This activity allows students of the Faculty to enjoy some amusement at the expense of their classmates.

Dentantics is produced every Spring in Hart House. This year, an elaborate satirical drama 'The Torch Bearers' was produced by an exceptionally fine cast. As well as deriving much enjoyment from the activity, the students receive a training in dramatics. Mr. George Clarke was in charge of the production; much credit should be given to 'George' for the time and talent which he has contributed so freely to Dramatics throughout his undergraduate days.

The Royal Dental Society gives the student an opportunity to learn the art of conducting meetings, and how to express themselves before an audience. The meetings are held in the Dental building, and the latter part of the evening usually takes the form of an informal dance.

LORETTO DRAMATIC SOCIETY

RITA KOHEN, LORETTO PARNELL, VIOLA LYNCH, JUSTINE McMARTIN.

## Loretto College Dramatic Society

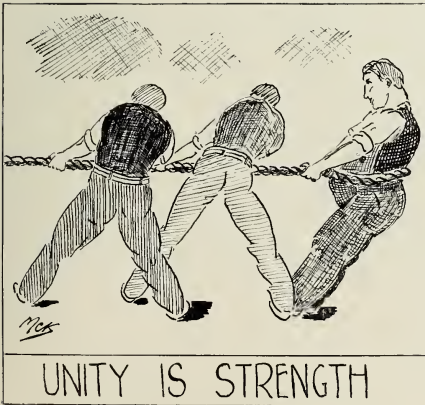

THE Loretto College Dramatic Society was founded in 1911 and its membership includes the entire body of undergraduates. It has a serious purpose—mainly the development of the students in the many ways in which the drama can produce this effect. Proceeding on the principle that there is a latent actor in everyone, the Society gives opportunity to all. In spite of this catholicity or rather, perhaps, because of it, an unbroken line of successes has attended it during the twenty-three years of its existence. Among these might be mentioned "The New Life," a masque to commemorate the Dante Sescenary, 1921; "The Rivals" (Sheridan), 1928; "The Princess Far Away" (Rostand), 1929; "The Judgment of Dr. Johnson" (G. K. Chesterton), a genuine première anticipating the London production by some months, and "Twelfth Night", 1932; "The Marvellous History of St. Bernard" (Sir Barry Jackson), 1933. This year during Convocation week, the Society will present "The Daughter of Roland" by Henri Bornier, done into English by a member of the Faculty.

### Student Christian Movement

THE Student Christian Movement is one of the oldest student organizations in the University. Known formerly as the Student Christian Association and before that as the Y.M.C.A. and Y.W.C.A., its records go back as far as 1871. Yet old as it is its work this past year gives ample evidence of its sustained vitality.

The aim of its membership, "to understand and follow Jesus Christ," has been the controlling factor in its diversified programme of activities. Study groups, forum discussions, conferences under the leadership of distinguished visitors, and varying forms of social service have been some of the means by which that aim has been achieved.

To those of its members who leave the University this year the Movement extends its heartiest good wishes and prays that in the larger world into which they are entering they may be true to the ideals which the Movement has held before them as students.

### Literary and Debates Committee of the Students' Administrative Council

AS in former years the Literary and Debates Committee of the S.A.C. has been keenly active during the past academic year. A new departure was made from the usual routine in co-operating with the Radio Commission, who sponsored a series of Inter-University Debates over a wide network, through their Station CRCT. These proved a popular feature and were received with enthusiastic interest, so much so, that the Committee recommend their continuance during the coming year. The debaters, who upheld the University of Toronto, were Messrs. S. H. S. Hughes and S. M. Hermant. It fell to their lot to debate against the University of Western Ontario on the topic: "Resolved that it is not advisable to have a speed limit for motorists," and against McMaster University on the subject: "Resolved that special legislation for women is preferable to equal rights." While the decision of the former was given in favour of Western, Toronto received the judge's verdict in the latter.

Inter-Collegiate debates were held during the year with McGill. The team representing McGill at Toronto were Messrs. Marshall and Doig, who took opposite sides in the debate: "Delendus est De Valera." In the return engagement Messrs. R. A. Bell and H. G. Skilling debated dividedly at McGill on the subject: "That the Platform of the C.C.F. party is in the best interests of Canada."

One has said that interest in debating constantly rises and wanes. If this be true then the evidence from the floor of the House this year would suggest that debating interest is returning to its former power.

#### WOMEN'S UNDERGRADUATE DEBATING UNION EXECUTIVE

*Upper Row (Left to Right):* MARGARET GILLOOLEY (Intercollegiate Debating Team), JEAN ROSS (Victoria Representative), MARY JARVIS (Trinity Representative), MARGARET LISTER (Intercollegiate Debating Team), RAY GODFREY (St. Michael's Representative).

*Lower Row (Left to Right):* ELEANOR BURROWS (Secretary), JEAN MUTCH (Treasurer), MARGARET FARMER (President), PAULINE SIMON (Vice-President), MARION GALLOWAY (University College Representative).

### Women's Interfaculty Debating Union

THE Women's Interfaculty Debating Union took a new lease of life this year. Sufficient enthusiasm was shown to make possible a more interesting and wider programme than any which has been undertaken in some years.

A series of Interfaculty Debates was held in which University College won the Championship from Victoria in the final debate. In the preliminaries Victoria defeated St. Hilda's and University College was successful against St. Michael's.

In the Intercollegiate Debates, Toronto lost both at home and at Queen's. Miss Margaret Lister and Miss Margaret Gillooley upheld the motion: "Resolved that Fascism is the Salvation of and not a Threat to Civilization." Miss Eleanor Burrows and Miss Margaret Farmer opposed the same motion at Queen's.

It is to be hoped that this renewed activity will continue and become permanent. There is no reason for this field being restricted to men.

#### M. & P. SOCIETY EXECUTIVE

## The Mathematical and Physical Society

THE Fall Term opens for the Mathematical and Physical Society with the Autumn Hike; this year an interesting visit to the David Dunlap Observatory. Then the regular fortnightly meetings begin, in which, after cake and tea, two very interesting talks are given, one by an active member and the other by a dignitary in the realm of Mathematics and Physics.

In November, this year, the Society gave a Surprise Party in Malloney's Art Galleries—and it was a surprise to all—even the goat. A Skating Party was the next item on the programme, and as the weather was unfavourable this year, it became an informal party at the Women's Union.

Then in January, the Society has its "At Home"—a delightful full-dress dinner-dance, so that the members can see what each other and the professors look like in their best "bibbs-and-tuckers."

The Open Meeting in March, is a skit-night. Shortly after comes the Annual Meeting with elections and Dean DeLury as speaker. We hope that his retirement will not mean the discontinuance of this yearly treat. Then in May, with exams over, the new executive launch out with a Spring Hike.

HONOUR SCIENCE CLUB EXECUTIVE, 1933-34

J. W. SCOTT (1st Year Rep.), I. L. CHOQUETTE (2nd Year Rep.), G. T. BART GERRANS (2nd Year Rep.), L. E. VANDERHOORN (1st Year Rep.).

D. H. CHITTY (Vice-President), N. E. ARMSTRONG (Secretary), DR. E. R. LORRIMAN (Hon. President), C. J. SANDERSON (President), B. T. ROGERS (Treasurer).

## Honour Science Club

WHEN is the next Honour Science party—when—when—when? Hard-working (?) Science Students are continually asking the executive. The purpose of our Club is to provide social activities, in place of the scholastic grind, for University students.

The Weiner Roast, at the beginning of the season, was a huge success—ample stores of hot dogs, apples and marshmallows just melted away—everybody was happy, and many lasting friendships were made.

With a large membership enrolled, the dances at Malloney's Art Galleries were pronounced "a huge success." Everyone, Grad or Undergrad, is invited to come to the next dance and we guarantee an enjoyable and interesting evening.

## Newman Club

NEWMAN Club was founded for the purpose of fulfilling the religious, intellectual, and social needs of Catholic students attending University. There are opportunities offered to the Club members for an education and experience which cannot be excelled by college courses or other activities.

There are more than two hundred and fifty Newman Clubs organized in Colleges and Universities throughout the United States and Canada by the Federation of College Catholic Clubs. These Clubs contribute Catholic thought and philosophy to these institutions of higher learning.

After a damaging fire in March, 1933, the Club House was beautifully re-decorated during the summer months. New facilities were added for the students' recreation. The most popular is billiards.

Those who graduate this year will regret that they will no longer be undergraduate members of Newman Club. Every Newmanite will always remember the many good times he or she had this year at the Saturday tea-dances, the numerous little informal parties, the Fall At-Home, and Newman Ball. On Sundays, there were the breakfasts after Mass, prominent lecturers on Faculty Sunday, afternoon teas, and local talent.

In its three-fold aim this was a very active and successful year for Newman Club, due to the combined efforts of the Chaplain, the Alumni and Undergraduate Executives, and the co-operation of the other members. It is to be sincerely hoped that each succeeding year will see a greater number of Catholic students eager to become members and to participate in its activities.

UNIVERSITY OF TORONTO GERMAN STUDY CLUB

*Back Row:* J. L. LAY (Vice-President), H. E. PRICE (Treasurer), E. H. WALKER (Secretary).  
*Front Row:* E. D. BRUNKE (President), V. LANGE (Hon. President), S. COHN (Refreshments).

## The German Study Club

SINCE its founding in 1924 the German Study Club has been developing continually under the increased interest accorded it by its members. Its basic purpose has been, and is, to further knowledge not only in the language of German, but also in its artistic and cultural aspects. With this end in view, it has been the pleasure of the Club to invite non-students to participate in its social activities, and thus far the response has been extremely gratifying.

This year the Club executive has prepared its programmes with the purpose of emphasizing the musical appreciation and genius of the German people as a national trait. Before the end of the academic year, Club members and friends will have enjoyed the musical interpretations of some of Toronto's finest players who have very kindly given their time for the gatherings.

It is therefore with our deepest appreciation and gratitude that we thank those who, by their contributions of music and addresses, have brought enjoyment to the Club. To them we extend our sincere hopes for their presence on future occasions.

After each meeting it has been the custom to serve light refreshments in an atmosphere of complete informality. It is hoped, by this means, that the purpose of the Club, in not only furthering the language, but also in fostering a spirit of mutual understanding between the German people and ourselves, is being fulfilled.

#### ITALIAN-SPANISH CLUB

MARGARET W. PIRIE (Secretary), MADGE L. SHAW (Pub. Man.), JOHN L. LAY (Treas.), HELEN KEW (1st Year Representative), GORDON L. HALLMAN (President), PROF. J. CANO (Hon. President), JANE EARL (Vice-President).

### The Italian-Spanish Club

THE Italian-Spanish Club of the University of Toronto was founded in 1924. Its aim is to further interest in Italian and Spanish through the study of the history and civilization of Italy, Spain and Spanish-America. The membership includes, besides undergraduates, graduates, and members of the Faculty of the University, many prominent Italians and Spaniards and others interested in Italy and Spain.

At the monthly meetings the Club endeavours to have short speeches in both languages, and a musical programme. Through the untiring efforts of Cav. Emilio Goggio and Dr. Juan Cano, the members of the Club have been privileged to hear many interesting and educational talks on Italy and Spain. Well-known Toronto musicians have furnished many enjoyable musical programmes.

Refreshments are served at the end of the meeting and an opportunity is provided for conversation in Italian and Spanish and for meeting distinguished visitors. Each year the Club puts on two plays, an Italian play and a Spanish play, which are always well received.

## University of Toronto Students' Band

President : J. R. GAMMAGE ; Secretary : N. J. S. HOYLES ;  
Drum Major : J. V. McCUTCHEON.

ANOTHER successful season has assured the Varsity Band of a permanent place in university activities. By rendering a useful service in the interests of music and athletics this recent organization has amply justified its existence. The growing pride of the students in their university band has lent no small encouragement to the unit and provides the inspiration for even greater achievements in the immediate future.

The usual period of intensive training began the moment term opened. The front campus presented a daily routine of marching formations in preparation for the opening rugby game. With only nine days at his disposal Capt. Slatter again performed the miraculous and produced the Varsity Band on the required day.

In Montreal the Red and White of McGill and the Blue and White of Toronto added to the occasion a dash of colour and the glamour of college spirit that can only be provided by the smart uniforms and stirring strains of a university band. Through the forethought of the Students' Council new blazer coats added much to the striking appearance of the Varsity men.

The rugby fans of Kingston and London were also enthused by the fervour of college songs and marches. Nor were the Toronto students disappointed when they braved the inclement weather to cheer the Varsity football heroes on to victory. The mud and the rain and the snow were indeed a handicap but the band never missed a game.

After many weeks of practice the annual concert was presented to the students in Convocation Hall on the evening of February 20th. The extensive variety of the band selections together with the contributions of the assisting artists provided an interesting programme which was keenly appreciated by the audience. A feature of the evening was the Alma Mater March composed by Capt. Slatter and arranged so as to incorporate the university yell and the Blue and White song.

A week later at a banquet in Hart House the season's activities were reviewed and the future prospects surveyed. Dr. Cody whose generosity again made provision for the trip to Montreal congratulated the bandsmen on their loyalty and success and emphasized the unique service contributed by the band in fostering unity and college spirit within the university.

With the support of the student body; with the financial backing and executive assistance of the Students' Administrative Council; and with the personal patronage of the President, the prestige and success of the Varsity Band is fully assured.

EXECUTIVE OF THE LAW CLUB OF THE UNIVERSITY OF TORONTO, 1933-34

*Bottom Row:* W. R. R. SUTTON (2nd Yr. Rep.), H. M. PIVNICK (Vice-President), PRESIDENT W. P. M. KENNEDY (Hon. Vice-President), J. K. BLAIR (President), PROFESSOR H. C. AULD.

## The Law Club

THE Law Club, which is composed entirely of graduates and undergraduates of the honour course in law at the University of Toronto, continued its policy of past years in securing prominent members of the Bench and Bar to speak before it.

Mr. Justice Davis spoke to the club on "The place of law in University Education."

Then Mr. J. C. McRuer initiated a series of lectures on the conduct of a Criminal Trial; he spoke on "A Criminal Trial, for the prosecution." This was followed by an address by the late Mr. Justice Wright on "Procedure in a Criminal Trial." Mr. Arthur Roebuck then reviewed the subject emphasizing the place of the young lawyer in criminal cases. The last lecture was delivered by Mr. Jos. Sedgwick, K.C., of the Attorney-General's Department.

The Hon. Robt. Manion addressed a special meeting of the Club on "Canada and the League of Nations."

The moot-court held regular sessions throughout the year, B. M. Singer being Chief Justice. A murder trial and a magistrate's court were the special sessions.

The annual Banquet, held at the Ontario Club, was a great success. Professor Manley Hudson of Harvard University spoke on the International Situation and the World Court.

TORONTO INTERCOLLEGIATE CHRISTIAN UNION EXECUTIVE, 1933-34

 Miss E. D. BUCHAN (Sec. '34).

## The Toronto Intercollegiate Christian Union

THE T.I.C.C.U. is a unit of the Inter-Varsity Christian Fellowship of Canada, which is an association of groups of Christian students in the universities of our land, whose purpose is to witness to the saving power of Jesus Christ in their lives while at college. Closely affiliated with the I.U.C.F. and in fact growing out of it, is the Inter-School Christian Fellowship, with branches in many Normal Schools, Nurses' Training Schools, Collegiate Institutes and High Schools from Montreal to Vancouver. The Canadian I.U.C.F. is also affiliated with the I.U.C.F. of Great Britain and Ireland, Australia and New Zealand.

The Fellowship seeks to bring before the students the claims of Christ, His power to save from sin and His ability to give the more abundant life to all those who will trust their lives completely to Him.

We believe that "growth in grace and in the knowledge of our Lord and Saviour" is dependent on Prayer and the study of God's Word, so that these things play an important part in the activities of each group.

T.I.C.C.U. activities consist of weekly discussions, daily noon-day prayer meetings and occasional conferences.

To all who know or would like to know Jesus Christ as your Lord and Saviour, the members of T.I.C.C.U. extend an invitation to come to our meetings that we might have fellowship one with another in Christ Jesus.

#### MACDONALD-CARTIER CLUB EXECUTIVE

C. W. MINETT (Vice-Pres.), R. A. BELL (President), C. W. TYSON (Sec.-Treas.)

### Macdonald-Cartier Club

ONE of the outstanding political features of the last year has been the growth of an organization of Young Conservatives, known as the Federation of Young Canada Conservative Clubs. To this organization, the Macdonald-Cartier Club of the University of Toronto has contributed much. It was represented at the original conference held in the Albany Club on May 10th, 1933, and at the First Annual Convention held on January 20th, 1934. Seven members of the Club attended the Liberal-Conservative Summer School at Newmarket, September 4th to 9th, 1933, and were among the most active participants in the discussions at the School.

While taking a deep interest in the active political world, the Macdonald-Cartier Club has not neglected its organization within the University. The Club has been signally honoured in having both the Prime Minister of Canada and the Premier of Ontario address it within a period of three months.

At the first meeting of the year, the Hon. Geo. S. Henry, Premier of Ontario, gave a stout defence of the Conservative administration and urged the young men of Ontario to support the "most radical government in the British Commonwealth."

On February 21st, the Right Hon. R. B. Bennett addressed a luncheon meeting of the Club in the Graduates Dining Room. His address on that occasion was a splendid effort and resulted in a greatly-increased enthusiasm for the Conservative cause. Mr. Bennett, speaking in an informal and friendly manner, presented a well-reasoned and coherent philosophy of Conservatism, and succeeded in demonstrating to the satisfaction of the members, the inherent worth of the Conservative attitude.

Other speakers have been, Hon. G. H. Challies, Hon. W. G. Martin, Hon. Dr. J. M. Robb, Hon. Charles McCrae, and Wilfrid Heighington, M.P.P. Professor Norman Mackenzie led in a discussion of the constitutional difficulties which confront Canada.

An attempt has been made to present a balanced programme to the Club, and on the whole, the efforts of the Executive have met with success.

UNIVERSITY WOMEN'S PRESS CLUB EXECUTIVE

*Left to Right:* JESSIE FLEMING (Publicity), ELIZABETH GORDON (Treasurer), FLORENCE KING (President), MARY WHITE (Vice-President), HARRIET CLARK (Secretary).

## The University Women's Press Club

THE Women's Press Club started its career in 1919, and from its inception has enjoyed a high degree of success. Its purpose is to furnish for those women in The University who feel the urge to write a means whereby they can obtain information and guidance. Active membership in the Club requires the submittance of original manuscripts to be criticized by the Association.

The programme for the year has been arranged so as to divide the meetings between addresses on the various phases of journalism, and the reading and discussion of the original work of the members. This year, the Club has entertained such well-known Canadian journalists as: Mrs. Norma Phillips Muir, who discussed "The Short Story"; Miss Byrne Hope Sanders, Editor of *Chatelaine*, who spoke on "What the Editor Wants"; Mrs. J. G. Althouse, former president of the Toronto Branch of *The Canadian Women's Press Club*, who gave an interesting resume of "Canadian Women in Journalism"; Mrs. Anne Anderson Perry, who spoke on "Publicity"; and Mr. Napier Moore, editor of *Maclean's Magazine*, who presented "An Editor's Point of View". Club members also had the pleasure of meeting Mr. W. S. Wallace, Librarian of The University, who gave an illustrated lecture on the development of newspapers and magazines in Upper Canada.

An atmosphere of friendliness is introduced into the meetings by a cozy half-hour of tea, before the business, and also by the informal character of the meeting itself. A number of worthy journalistic ventures have been added to the Press Club Files, and much valuable information and sound criticism has been gleaned by the members.

The contact with experienced writers and the sincere and constructive criticism of the members both contribute to making the Club invaluable to women in The University who are interested in writing.

ENGLISH AND HISTORY CLUB EXECUTIVE

MISS M. WISMER, MISS A. SAUNDERS, MISS I. FIRTH.

MR. D. DADSON (Secretary), MISS M. MCGUIRE (Vice-Pres.)

MR. J. M. PATRICK (President), MISS J. MUTCH (Treasurer).

## The English and History Club

THE English and History Club is a pleasant and valuable organization. It exists for the purpose of discussing subjects of literary and historical interest, past and present, under the most agreeable conditions. The club meets, eats and talks informally together once in three weeks during the term. Most meetings are in private homes. Discussions are held on the basis of a paper or an address delivered by a guest speaker or a member of the club.

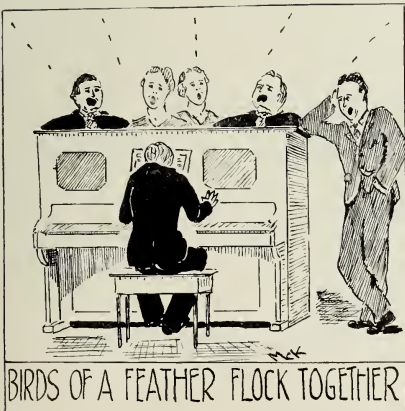

Regarding membership; the fee is one dollar: the number is limited to thirty. Visitors, however, are made welcome, for one meeting. The club draws its members chiefly from those courses wherein English and History are major subjects, although anyone interested is welcome to join.

As English is not a University subject the English and History Club provides a focal point for English students at University, St. Michaels, Trinity and Victoria College.

### University College Parliamentary Club

LAST year the University College Parliamentary Club was revived after a lapse of seven years, and it has now taken its place as one of the most popular organizations for the men of University College. The purpose of the Club is to hold debates in the form of a parliament, thus sponsoring public speaking and familiarizing the members with parliamentary procedure. That the Club is meeting with success is shown by the high quality of the speeches and by the increased attendance.

His Excellency the Governor-General, Mr. H. Gordon Skilling, attended the first session and formally opened Parliament. R. A. Bell was elected Speaker of the House; B. M. Draper, Deputy-Speaker; H. H. Grant, Clerk. The Prime Minister was G. K. Drynan, with J. M. Patrick, Leader of the Opposition. Uniting several parties in Opposition, Mr. Patrick soon ousted Mr. Drynan, but was himself defeated when several parties broke away. Mr. B. M. Singer's government resigned and the governments of M. Wayman and G. H. Robertson were defeated by votes of no confidence. T. C. Keenan was turned out of power when the House refused to deplore the existence of Cupid.

In opening the second session, His Excellency the Governor-General regretted the instability of government which had marked the previous session and as a result the Governments headed by A. C. Smith, C. T. Bissell, S. M. Hermant and N. M. Pivnick enjoyed a longer tenure of office. Prominent speakers, in addition to the Prime Ministers, included M. B. Gelber, S. F. Rae, W. E. Beamish, A. H. Howson, H. L. Rowntree, L. H. Gray, and C. B. Macdonald.

February 22nd was the Eightieth Anniversary of the University College Literary and Athletic Society and in this connection the Parliamentary Club invited graduates of University College to attend the session on that date. The House was packed to capacity and the subject, "Resolved that the influence of graduates upon this University is a pernicious one," was bitterly debated.

### The French Society of University College

THE French Society, under the guidance of our Honorary President, Mr. Finch, and the stimulating leadership of Mr. John Lay, our President, has had a most successful year so far. Three meetings have been held up to the time of writing and through them our members have been inspired with a still greater interest in the speaking and understanding of the beautiful French tongue. Much thanks is due to all those who have coöperated in making the club a success this year, and although we have not space here to mention all we shall outline a few of the interesting highlights of the year.

In addition to the usual business, refreshments and dancing, a charming French play, "Les Boulingrins," by Courteline, was presented at the first meeting and was enthusiastically received.

Our second meeting was graced by the presence of M. Paul Dumas and M. Gerard Cournoyer, members of the French debating team from Montreal, who both gave delightful talks. M. Laflamme of University College gave an interesting speech on "Canadien," a book of which three hundred copies were anonymously presented to the French Department, which kindly gave one to each of our members.

Probably the culmination of all our efforts was seen in the presentation of Moliere's "Malade Imaginaire" at Hart House Theatre on February the thirteenth. Due to the able direction of Mr. Finch and Miss Cole and the untiring efforts of the caste, the play was a great success.

VICTORIA COLLEGE DEBATING PARLIAMENT

## The Victoria College Debating Parliament

THIS organization has now completed its fourth year under the new constitution. It has been gratifying to note the keen interest and ability displayed throughout, and especially that of the junior years. The choice of particularly good subjects can be credited to a large committee of representative debaters.

The dignity of the traditional formal opening of our Parliament, coupled with the fine quality of the debate on the merits of the Pass Course, gave the necessary impetus to a successful year.

In November the House rather unenthusiastically refused to view anything with apprehension and alarm, and, in December it emphatically censored the down-town Press. In the next debate the House took issue with the practice of Clergy entering politics. The fifth debate discussed the potentialities of the C.C.F. The final session in March terminated an undoubtedly interesting year, one that augurs well for the future.

THE Victoria College Music Club under the distinguished patronage of Sir William Mulock, President and Mrs. H. J. Cody, Sir Joseph Flavelle, Chancellor and Mrs. E. W. Wallace, Dr. and Mrs. F. N. G. Starr, Mr. and Mrs. R. A. Daly, Mr. and Mrs. John Jennings, Dr. and Mrs. Ernest MacMillan, Principal and Mrs. W. T. Brown, Dr. Norma Ford, J. B. Bickersteth and the direction of Dr. T. J. Crawford presented its ninth annual Light Opera,—Hood and German's "Merrie England" in Hart House Theatre during the third week of January.

For all those who were privileged to take part or assist in any way it was a memorable experience. As always the restrictions of the stage necessitated a limited company with the result that many of our members were unable to be in the actual production. All worked like Trojans, however, the great majority of them being absorbed in make-up, staging and technical groups in these ways making an invaluable contribution to the success of the opera, and "Merrie England," if we are to believe our critics, was an unquestioned success. May next year's presentation measure up and exceed it.

### The Trinity College Science Club

THE Trinity College Science Club was founded by Mr. David A. Keyes, Mr. F. M. Turner, and Professor Simpson, to fill the need in Trinity College of a club where those men interested in Science could gather and discuss various scientific topics. Since its foundation the club has numbered among its members men who, to-day, are famous for their scientific achievements. Of these men a few are: L. V. Redman, the discoverer of Redmanol; G. H. Tomlinson, who developed a process for carbide manufacture; and Dr. B. Collip of McGill University, who is well known for his work in the separation of insulin and for more recent biological discoveries. At this time we are fortunate in having Professor A. F. Coventry as our honorary president.

At fortnightly intervals the Club meets in the Dons' Common Room in Trinity House, where a paper on some branch of science is read by one of the members. Refreshments are then served, during which discussion of the paper is carried on. The interest of these discussions is the element in the Club that has the most appeal to the student body. The membership in the Club is limited and care is taken, in the election of new members, to insure that they are genuinely interested.

In the Easter term an open meeting is held, to which everybody is welcome. Some person, prominent in science, is chosen each year to address this meeting.

ST. HILDA'S LITERARY EXECUTIVE

## Civil Club

ANOTHER academic year is almost over and as we look back we find that our first event of note was the Annual Civil Club Excursion. This year the trip under the supervision of Professors Young and Laing, found us at the Canada Cement Plant in Port Colborne. Arriving at the plant we were ushered into the recreation room where the superintendent, Mr. L. Macdonald, explained the steps in the manufacture of cement. Around the room the boys were hard at work jotting down notes due to the fact that Professor Young had invited us to write an essay on the trip. There followed a very interesting tour of inspection starting with the raw materials at the crushers down to the finished product ready for shipment. With Buffalo so near at hand the gang couldn't be held back and the remainder of the day (and night) was spent in enjoying the sights of this metropolis. On the way home the weary knowledge seekers crooned themselves to sleep and it was a tired looking lot that finally returned home.

On November 9th the Fall Smoker was held in the west common room of Hart House. There was a good turnout and soon the room was filled with smoke as the cigars, cigarettes, etc., were passed around. A cigar smoking contest was staged which created no end of amusement, the winner eventually being a fourth year man. The high light of the evening was the talk given by Dr. T. Kennard Thomson of New York. Dr. Thomson related some of the more interesting events of his life. With this and his droll stories he kept everyone in a hilarious mood. After the address we enjoyed a light lunch in the Great Hall and also a few more of Dr. Thomson's stories told between mouthfuls.

On February 7th a meeting was held at the Engineers' Club in the form of a dinner. The guest speaker, Col. H. J. Lamb of the Department of Public Works of Canada, gave a very fine illustrated talk on the "Development of the Great Lakes Waterways System. This meeting was well attended and proved to be of great interest to those present.

The executive wish to thank the members of the Club for their support throughout the year and we hope also that the new executive will enjoy every success in the coming.

## Electrical Club

ANOTHER chapter has been written into our life. Many and varied have been our experiences and associations during the past year, the memories of which will long outlast the mental reactions of the present period. The need of our activities was more keenly felt than in the past, as they have been our sole opportunity to envisage the application of our profession to industry.

The graduating year made its annual journey to the power plants on the Niagara River early in the Fall.

Prof. H. W. Price favoured us with a guiding and instructive résumé in his address, "Inventors and Inventions."

The annual dance, held at the Savarin Windsor Room, was a social success.

Mr. A. M. Reid presented a revelation in "Modern Telephony," on our visit to the Bell Telephone Co.

Mr. F. R. Ewart delivered a highly inspiring speech, "The Engineering Profession," at the club banquet up at the Engineer's Club, to conclude the programme with a flourish.

## Mechanical Club

ALLOWING for poetic license, the Mechanical Club like February in Leap Year, has just had one year more, which it is hoped has added to the prestige and the reputation of the Club. The events of the season varied from industrial plant visits to smokers, from the annual dinner to a supper dance.

The fourth year Mechanicals, preparing for the years to come, became experienced itinerants stopping off at such places as the "Largest Inches in the World" at Niagara Falls, John Street Pumping Station on the waterfront, and Mr. McLaughlin's Buggy Works at Oshawa, the Goodyear plant at New Toronto, the Davenport Works of the Canadian General Electric, and the Massey-Harris Company.

The subjects of the addresses at the smokers varied from Arc-Welding by R. L. Smythies, Hi-Speed Diesels by A. Craigon, to a talking moving picture of the Abitibi Canyon Development presented by R. L. Hern.

The annual dinner at the Engineers' Club was a great success with a list of prominent guests, rivalling that of school dinner.

The final examination on the social side of the calendar was held at the Savarin Restaurant and honours were conferred on those present.

An important development this year was the formation of a student branch of the Ontario Section of the American Society of Mechanical Engineers. It is hoped that in the future the Mechanical Club and the Student Branch will co-operate in developing in the undergraduate Mechanicals a feeling of good fellowship and an appreciation of the profession to which they are proceeding.

## The Architectural Club

THE Club enjoyed a particularly active year, almost too active to be fully appreciated for any single achievement. Yet it is difficult to formulate a programme appealing to all its various elements, designers, structural engineers, theoretics and practical men—and freshmen. However, the Club attempted to supplement the academic training with extraneous activities, creating a fellowship and an understanding between the members, which we hope will be of assistance during their professional careers.

The first Club Jamboree took place at Gull Lake. Under the able tutorship of Prof. Wright and Mr. Carswell, the second, third, and fourth years spent a week recording in water colours the charms of the surrounding country. It was a great picnic and the results, on exhibition at the end of October, would have flattered any art gallery.

On October the 24th Diana Sweets echoed to the din of our Annual Banquet. Hilarious entertainment by the nine freshmen, who were welcomed with open arms, and an appropriate address on the O.A.A. from our Honorary Chairman, Mr. Forsey Page, rounded out an evening most satisfactorily initiated by the delectable meal served.

The monotony of drafting room drudgery was intercepted by such club activities as trips to buildings and points of interest, meetings with speakers, illustrations, and discussions on allied subjects, conducted tours of the Art Gallery, drafting room songsters, hockey games and theatre parties. Also an enthusiastic group was organized at the art centre under the guidance of Mr. Charles Goldheimer to study and practice various methods of artistic reproduction. All these functions were well sponsored by the students and the appropriate ones by the staff.

All other things being forgotten, lost in the shadows of the past, one light will continue to twinkle and bring back to our waning memories one bright spot. A night at the end of February,—the Royal York—dim lights—enchancing music—and dancing feet; it could not be forgotten!

This year was the last active one for the father on the School of Architecture as a member of the Staff. Prof. C. H. C. Wright is no longer with us except in spirit but he will always be "Daddy" Wright to those who knew him. The Club attempted to show its appreciation for his concerned interest in the students and their activities by an appropriate presentation. May it be a link across the years of separation.

We wish the new executive every success and may it have profited by our experiences. Let us hope it will continue and improve the programme attempted by the 1933-34 executive.

## Industrial Chemical Club

**T**HIS year the Industrial Chemical Club, organized in March, 1909, celebrated its 25th anniversary. The Club has always been a very active unit of the Engineering Society and this year proved no exception to the rule. The Club is also affiliated with the Toronto Chemical Society.

Various smokers were held throughout the year. A wide variety of subjects were presented by members of the Faculty, past presidents of the Club and practising chemical engineers. In November the third and fourth years visited the paper mills at Merritton and an Electrochemical concern at Niagara Falls (as well as other concerns at Buffalo).

The year's activities were climaxed by the reunion banquet held in March. All the members of the Club since its inception were invited. The highlight of the evening was a presentation to Prof. J. W. Bain, who has always been very interested in the progress of the Club.

We wish the incoming executive every success and hope they receive the necessary co-operation to make next year an even bigger year in the history of the Club.

## Mining and Metallurgical Club

UPHOLDING its record of previous years the Club has once more passed through a season of outstanding success. The largest Freshman Class in history provided ample scope for the Sophs to give vent to their nefarious ingenuity. This was on the occasion of the Annual Smoker held in the Music Room in Hart House early in the Fall.

Unfortunately our Hon. Chairman, Mr. J. C. Nicholls of the International Nickel Co., was not able to be present at the two dinner meetings held during the Fall term. At the first meeting Mr. Jack Hammell, Canada's most colourful prospector and mining promoter, entertained the students with a most witty but instructive talk on his experiences. Col. N. F. Parkinson of Ventures Ltd. delivered an address on "Mining Deals" at the second dinner meeting. Dealing with a phase of mining which most mining men are least acquainted with, Col. Parkinson's talk proved of particular interest to the members of the Club. Our Hon. Chairman was welcomed at a meeting held in the Engineers' Club in January. Mr. Nichol's recent trip to Finland made him particularly fitted to deal with his subject of "Mining in Finland."

The Annual At-Home sponsored by the Toronto Branch of the Association of Women of the Mining Industry early in December was greatly appreciated by the members of the Club. (This affair has come to be looked forward to as one of the most enjoyable events in the activities of the M.&M. Club.) Following the innovation established last year the Club held a dance in the Spring term at Malloney's Art Galleries. Music by Clarb Isbister, delightful catering and an atmosphere permeated by that good old mining spirit, all tended to make this a night long to be remembered by those present.

The graduating year were guests of the Toronto Branch of the C.I.M.M. at a Students' Meeting held at the King Edward Hotel. Five of the students read papers. Discussion by various downtown mining men followed. This evening was a wonderful opportunity for the students and was greatly appreciated.

In conclusion the Executive wish to express their appreciation of the co-operation and good-will tendered by the members of the Club. We leave the affairs of the Club in capable hands and wish next year's committee every success.

WYCLIFFE COLLEGE STUDENTS' CHRISTIAN ASSOCIATION

S. R. COLEBROOK (Secretary-Treasurer), REV. L. P. HUNT, B.A. (President),  
J. MCKIBBIN (Vice-President).

## Wycliffe College Student's Christian Association

The three-fold aim and basis of the Wycliffe College Students' Christian Association is as follows:

1. To deepen the corporate and individual spiritual life of the students.
2. To co-operate with Christian organizations working among students of the University.
3. To maintain living contact with missionary movements throughout the world.

The weekly devotional periods are still the principal means of accomplishing the first aim, and the increased interest in the meetings this year has been very encouraging. These periods have not only been led by the students but also by the members of the faculty and clergy from the city churches. At the beginning of the New Year, a Quiet Day led by the Rev. J. D. Mackenzie-Naughton, served as a means of inspiration and encouragement to the men.

A study group under the leadership of the Rev. L. A. Dixon comprised the missionary side of the year's activity. The discussions of the group were based on the book—"Re-thinking Missions"—which proved to be a stimulating source of interest regarding the problems confronting Christian Missions at the present time.

As part of the University S.C.M. the Association was represented at the Norval Conference, and at the various joint meetings of the Movement held in the University. Some work was also undertaken at one of the city hostels.

The Executive wish to extend their thanks to those who supported them throughout the year and feel sure that there are great possibilities for the Association in the future.

VICTORIA COLLEGE BOB COMMITTEE

GRANT MCCREADY, ART KEARNS, ROSS MACDONALD, JOE OKELL, BOB AMOS, CECIL WILSON,  
JIM SISSONS, JOHN MCDIARMID, MARSHALL LAVERTY, RON DALZIEL, PAUL ARMSTRONG.

## Victoria College Bob

ROBERT BEARE, whose memory the Bob commemorates, was possessed of an inexhaustible fund of humour. Many are the anecdotes related of the pranks Robert played on the faculty and student body alike in the days when cider was served at all "Bobs" and "the stick" not infrequently left in. A great-hearted man, Robert was beloved of all from the hooded chancellor to the lowliest freshman.

The Bob which he instituted 61 years ago, takes the place of a physical initiation and affords unrivalled opportunities for the ridiculing of the Frosh by the Sophomores and upper classmen. The satire, though often sharp and pungent, is given and received wholly without malice for there is always that element of kindly humour so characteristic of Robert himself. Indeed, it is not too much to say that each successive Bob is a success in so far as it catches the spirit of its founder—Floreant Robertus Beare.

### East House

THE home of hospitality, the house of virtue, and the hive of industry

East House commenced the 1933-34 term in an auspicious manner. The historic bed-race was run over the tortuous St. George Street course and the racing-bed of East House won by half a broken spring. Bed-parts were scattered down the fraternity avenue. Knox College aided the victors with a shower of over-ripe tomatoes.

The rugby honours were divided between East and North Houses. Lack of equipment made the teams lighter and gave them more speed for attack and retreat. Mud, strained muscles, and no glory were the rewards for the warriors. The timekeepers were all bribed.

Dr. Waters had charge of the house for the fall term, moving out at Christmas, due to a matrimonial encounter. We were truly sorry to see him leave. The house president for the year was Redge Noble. All his mathematical skill was called upon to control the house meetings. Table pounding is now his favourite recreation.

An occasional house fight enlivened the dull winter evenings. No holds were barred, and the ancient remedies of showers and tappings served to cease hostilities. Such battles keep the men of the house in closer contact with one another and death-grips often lead to unceasing friendships.

The Venetian Room of the Royal York was the scene of the annual Residence-At Home. All manner of dance measures were seen and some couples were graceful enough to escape the pillars.

We leave the creaking floors and green walls of East House with regret. May the years to come bring a renewal of the acquaintances made here.

### South House

MCOLL and his sax, the Panabaker-Klein awful duet, MacKay and his stories, Shute the M.D. photographer, no-trump double West, tidy-room Taylor, and sailor-architect Wilkinson are gone, and in passing these men left an academic record to be added to our cherished heritage.

In their stead, bandman Parks, C.H.M.L. Tovee, and railroader Love, do loudly; Robb does often, and Murray does plenty; G.V.M.A.Sc. Tutor Jansen coaches West Jr., Taylor is unchallenged, while popular Bill Vrooman, as president, does duty for Bobby. To assist him, we have Glover as secretary, and Alf. Williams as treasurer. Alf., the all-round Houseman, is the present South House Scholarship man.

Socially, the Residence-at-Home was the standout, and we, as usual, showed North and East what support is. Tea dances have vanished, but the feminine touch is still with us, the corridors having peculiar fragrance every Sunday afternoon.

Athletically, the harrier and football losses have crimped our threat, but we are still dangerous and that old shield, still, may move south this year. The House provided its customary quota of Varsity and Interfaculty athletes; look us up on the sport pages.

The House is continually blessed in having Dr. Hoskin as House Master. This year, as ever, he has taken a keen interest in the welfare of each man and of the House, and he is considered a personal friend by everyone. The memories of those excursions to his room will remain with us always.

We, the graduating class, have learned much during our sojourn here and pray that on departure, we leave a contribution to House spirit and ideals, that will live long after us.

## North House

THEY say "It takes all kinds to make a world." This can easily be changed to "It takes all kinds to make a residence." And we have them! As a result, the House is a typical cross-section of university life.

A number of our members are nearing the end of their undergraduate careers and will soon leave our midst to make their way in the world. We know that they will take with them many happy memories and lifelong friendships. The very best of luck to them!

The House has continued to justify its existence by supplying more than its share of honour and scholarship men, athletic stars, social luminaries and members of student-government organizations.

Friendly diplomatic relations have been maintained throughout the year with East House and South House. This fact finds its counterpart in the world of international affairs, since no nation can afford to wage war because of adverse economic conditions.

As the final examinations draw near, many are begrudging time spent playing bridge and arguing in the common room. Many resolutions have been made to lead industrious lives next year. The same old story!

## University College Men's Residence

**A**LTHOUGH excessive charges for occasional breakages, and money saved on the coal bill, have not yet permitted the University to provide the U.C.

Men's Residence with a name plate, yet "73" is a well known house on St. George Street. Within this building there flourishes a spirit of freedom and individuality probably unequalled on the campus. We owe this happy condition more perhaps than we realize to Dean Cochrane and to our tutor, George McGillivray. An understanding of student behaviour and a policy of general forbearance have successfully established University College's only men's residence as the happiest house to be found. We deeply sympathize with our tutor who will be leaving this desirable abode at the end of the year. To his new appointment at Osgoode Hall and to married life he carries the most sincere good wishes of past and present members of the house for whom he has done so much.

## Knox College Men's Residence

**D**URING the session of 1933-34 Knox College Residence has been sheltering about ninety-five men, a goodly percentage of whom are students preparing for the ministry of the Presbyterian Church in Canada. Besides this selection of budding clerics, Knox Residence is honoured by having a representation from almost every faculty in the University.

The Residence can also claim representatives from the Orient, Europe, The British Isles and many of the provinces of our Dominion.

The result of this intermingling of varied interests and personalities in a single residence reached proportions that are hard to estimate. Only those privileged to experience corporate life of this kind know the true and lasting benefit that ensues. Besides making friendships for life the residence also offers the finest opportunities for the study of human nature and provides an easy means for the social adjustment of the individual.

In the Residence student government prevails as far as possible. Without any stringent measures of discipline, it is the aim of the House Committee to secure for the individual a congenial atmosphere where he can be free to enjoy all the benefits of the Residence and all the rights and privileges pertaining thereto.

## Intercollegiate Athletics

IN the realm of intercollegiate sport, athletes of the University of Toronto again magnificently upheld the name and honour of their Alma Mater. Varsity this year received her full share of the honours, having eight championships to her credit when athletic activities ceased for the academic year 1933-34.

The Senior Rugby team retained the Yates Cup emblematic of the Intercollegiate championship when it defeated Queen's in a play-off game in Toronto. This game provided an exceptionally fine brand of rugby and was a fitting climax to the rugby season. Due to the lateness of the play-offs the team waived its right to compete for the Dominion championship and hung up its uniforms at the close of the Intercollegiate season.

The Intermediate team won its group but lost in the play-offs.

Varsity's Juniors repeated their win in the Intercollegiate series but withdrew from competition for the Dominion championship.

McGill won the Senior Tennis for the second year and the Intermediate title was taken by the representatives of the University of Western Ontario.

The Soccer championship was retained this year as were the Rowing and B.W. & F. titles.

McGill's strong team won the Senior Track and the athletes from McMaster were again the class of the Intermediate Meet.

The Golf title went to McGill but Varsity, with a very strong fifteen, won the English Rugby.

Senior Hockey provided one of the classic events of the year. After being defeated 5—0 in Montreal the Varsity team showered itself with glory by holding the highly-touted Redmen to a 4 all tie in Toronto. As goals on the round counted McGill emerged the victor.

The Juniors competed in the O.H.A. series but were pitted against teams of championship calibre and found the going a little too heavy.

The Harrier was won this year by McGill as was the Swimming and Water Polo.

McGill's strong team captured the Senior Basketball title while Varsity took the Intermediate. The Senior team again competed in the Toronto and District Basketball League but did not secure a play-off berth. The Juniors competed in the Toronto Junior Series and finished in a tie for second place.

The Gymnasium team brought the championship to Toronto while McGill furnished the Individual champion.

In conclusion we say "au revoir" to those in the graduating class who have worn the colours of our University in Intercollegiate competition and we hope that the same spirit of sportsmanship and fair play which characterized them on the playing field may animate them as they take their place as responsible citizens of our country.

## Senior Intercollegiate Rugby, 1933-34

WITH the completion of the football season for 1933-34, Varsity had again demonstrated for the second time in two years, that the Blue and White can turn out teams of a championship calibre. This was the fifteenth time that Varsity has won the Championship of the Senior Intercollegiate Football Union, since the inception of the league in 1898.

Training for the long grind began early in September, with about twenty aspirants taking up residence in Burwash Hall. Morning and afternoon practices were held. By the time school opened about eighty candidates could be seen every day at the stadium learning the fundamentals of football. The competition was keen and it was not easy for Coach Warren Stevens to select the representation for the Blue and White.

The opening game was won by Varsity at McGill 8-0. The following week Western invaded Toronto and the home team romped away to a 21-2 victory. Hopes of another championship were running high but in our next two engagements with Queen's, Varsity was set back by scores of 8-2 and 14-6. These defeats handed a rude jolt to the hopes of the Blues, but it was then that the fighting spirit of the team came to the fore. By virtue of victories over Western by a score of 22-14 and over McGill 7-4 in the last scheduled game, Varsity earned the right to meet Queen's in the play-off for the championship. That final game will long be remembered by those who saw it. When the last whistle blew, after thrill upon thrill had been experienced by the supporters of both teams, Varsity had won the title by a 10-3 victory.

Many fine players will be lost this year through graduation. McQuigge, Arnup, Peacock, Richardson, Bell, Burgoyne, Warner and Sinclair are those who will receive diplomas at convocation. It is fitting that after playing football at Varsity for eight years Jack Sinclair should have been so instrumental in bringing the championship to Varsity again. Jack's long punts will be missed when the Blue and White next take the field and it is with regret that we see the "grand old man" of Varsity football join the ranks of alumni.

Success in competitive games depends on co-operation of a team as a whole and not on any individual alone. No attempt will be made to single out any one man as being worthy of more mention than his team mates. The team was again fortunate to have Joe Carruthers as trainer and to have one so well qualified to coach as Warren Stevens.

A great loss was experienced not only by the team but by the University as a whole in the untimely death of Johnny Copp. Too fine a tribute to his sportsmanship cannot be paid. He was always a gentleman. May his character and the example he set be an ideal for all of us.

### Junior Intercollegiate Rugby

THE Varsity Junior Intercollegiate Rugby Team of 1933-34 upheld the standard set by the Junior teams for the past five or six years, going through their schedule without a defeat and finishing by winning the Intercollegiate Championship for the year and the Jimmy Douglas Memorial Cup.

During the year they showed a remarkable spirit to score points. In a total of four scheduled games and one play-off they amassed a total of 117 points having only a single point scored against them. The success of the team was due, in no small extent, to the able coaching of Don Graham who was assisted by Grady Laing.

In the pre-season games with Balmy Beach Jrs. and Argo Jrs., the Varsity squad showed what a really great team they were. They defeated the Balmy Beach team and held the Argo Jrs., who were the Canadian Jr. Rugby Champions, to a tie.

The team was again grouped with Queen's and R.M.C., the schedule opening here on October 21, when we entertained Queen's. The Varsity team romped through to a 23-0 win. The following week the squad journeyed to Kingston to play R.M.C. Again Varsity triumphed by a 37-0 score. On October 28, R.M.C. played a return game in Toronto. The game resulted in a 11-0 verdict for Varsity. The final scheduled game was played at Queen's on November 11. The field was in poor condition and after a very strenuous game Varsity managed to come through with a 2-1 victory, the most closely contested game that they had during the season.

After a lay-off for two weeks the team journeyed to Montreal to oppose the Loyola College Jrs. for the Intercollegiate title. The Toronto team showed their superiority in every department and returned with a 44-0 win.

This brought to a close a very successful season, giving the team five victories. The Athletic Directorate decided that, due to the lateness of the season and the approach of the Christmas exams, it would not be advisable to enter the Canadian finals.

## University of Toronto Intermediate Intercollegiate Rugby Team, 1933

FOLLOWING last year's precedent the University again made no entry in the Senior O.R.F.U. and again the Intermediates were in truth the second team. Because there was no team in the O.R.F.U. the seconds were able to repeat last year's splendid showing in the central division of the Intermediate Intercollegiate Union. Unfortunately the results in the play-off with O.A.C. approximated last year's final score rather too closely.

Although Varsity was unable to win the title this year the team put up a splendid showing in all its group games, winning four, losing none and tying two. The group was composed of the same four teams as last year, viz: R.M.C., Queen's, University of Ottawa and Varsity, and the same excellent brand of rugby was displayed in all the matches.

A great deal of credit is due to the two coaches, Lou Carroll and Lou Hayman. Both of them spent countless hours and unlimited effort in drilling the players and producing the faultlessly functioning machine that was the University of Toronto's second Rugby Team.

## Intermediate Track

THIS year the venue of the Intermediate Intercollegiate Track Meet was the University of Western Ontario at London, on October 27th, 1933. Again McMaster University scored an overwhelming triumph, compiling a total of 76 points. Varsity was next in order, with 23 points, and O.A.C. and Western with 16 and 15 points respectively.

McMaster demonstrated its superiority by taking eleven firsts out of fifteen events. Also Laughren of McMaster was the highest individual scorer, gaining a total of eleven points.

Hamilton was the outstanding performer for Varsity, scoring a first and a second and Thompson next in line with a second and a third.

It is to be hoped that next year, with the help of this year's colours who are returning to the University, Varsity will be able to field a stronger and more experienced team.

We wish to thank Mr. Phillips and Mr. Gordon Jermyn for their unselfish and untiring efforts with the Intermediate Track Team.

## Senior Track

ALTHOUGH the past track season has been far from successful, nevertheless a keen interest in the sport has been more in evidence than ever before and the outlook for next year is an optimistic one. This interest is largely due to Hec Phillips who took over the coaching of the team this year and worked tirelessly.

The Interfaculty meet was again won by S.P.S., U.C. being second and Meds third. Special credit is due to Passmore, Magladery and Porter each of whom won two events, Magladery breaking the Interfaculty record for the mile.

The Senior Intercollegiate Meet this year was won by McGill, who despite the absence of two of their stars, Warrell and Sampson, piled up a total of 73 points to Varsity 38 and Queen's 24. However, Toronto was easily superior in the hurdle events, Passmore taking two firsts and Hickey a second and a third. Also Varsity was first in two other events, F. Stewart winning the pole vault and Weldon the broad jump; Eddie Dare was barely beaten in the hundred yard dash and Westheuser lost the discus throw by a very small margin. Varsity was unfortunate in being without the services of Bill Kibblewhite in the three mile, who was out of competition with an injury received before the season opened. Phil Edwards was again individual high scorer with a total of 13 points.

The meet this year was largely a repetition of the other Intercollegiate meets of the past few years. It was again a case of a Varsity team having only a small nucleus of experienced men meeting McGill's team of tested veterans who have dominated Intercollegiate track since 1929.

## University of Toronto Harrier Club

THE University of Toronto Harrier Club held its annual Interfaculty race on Saturday morning, November 4th, over the Brotherton course, Upper Canada College. Approximately seventy men lined up at the starting point. The race was quite good and keenly contested all the way through to the finish. J. Magladery, Meds., won in very fast time. W. M. Hogg, S.P.S., finished second, and Gilbert, Wycliffe, third. The team that scored the highest number of points in the race was Wycliffe.

The team chosen to represent the U. of T. at the senior Intercollegiate Harrier Meet at Montreal, November 11th, consisted of Messrs. Magladery, Hogg, Burton, Gilbert, Thompson. The race was held over the McGill course under very cold weather conditions, the roads being very icy and covered with snow. The honours this year went to McGill. Magladery was the first Varsity man to finish, finishing in ninth place, and Burton finished in twelfth place. The other three men came in together in fifteenth, sixteenth, and seventeenth places.

## Intermediate Intercollegiate Tennis

THE Intermediate Intercollegiate team, defending their title won on two successive occasions, but were badly beaten when they invaded McMaster University. They had to watch Western and McMaster battle for their title, no Varsity men entering any of the finals.

The weather and the fact that the mainstays of the team were drafted into the Senior team partially explains their failure, but in all fairness, it can be said that the added strength from the other competing Universities was too much for them. The strength of the opposition was entirely unexpected and it is hoped that next year a stronger team will regain our lost laurels.

The lack of tennis courts in the University grounds is a permanent and unsurmountable handicap which a generous future might alleviate.

## Senior Intercollegiate Tennis

THE Senior Intercollegiate Tennis Team was soundly beaten in the Intercollegiate Tourney held at Queen's University. The McGill squad, led by Laird Watt, third ranking Canadian star, won both the singles and doubles to take the title again. Connelly of Queen's provided the only serious opposition to the red and white when he advanced to the finals at the expense of Bob Murray of McGill.

Eaton, the youngest and least experienced member of Varsity's team, almost upset the apple cart when he found himself within 6 points of defeating Watt in the first round. However, the realization was too much for him and he finally succumbed after a brilliant battle. This was the only bright spot in the tourney for U. of T. Both doubles, teams of Pigott-Crowson and Hermant-Tomlinson, were beaten in the first round and the singles men hardly fared better. Pigott, Hermant and Crowson scored first round victories but were all beaten in the second.

At the annual meeting of the Tennis Union, an automatic permanent draw was adopted.

Next year, with the same team available, the Blue and White ought to make a much stronger showing. University of Montreal will act as hosts.

### Intercollegiate Soccer

THE soccer team, although deprived of several stars from last year's championship squad, won the intercollegiate title for the third successive time with the greatest display in years.

After being held to a one to one tie by McGill, in Toronto, they blanked the R.M.C. aggregation 11 to 0, at Kingston, to secure the title by a large margin.

A feature of this season's activities were the exhibition games played against the Greenwood Pirates of the T. and D. League, Varsity winning in each engagement. It is hoped that these exhibitions will be made a regular feature, as the practice proved invaluable to Varsity in this year's competition.

With Art Halliwell and David Rowland retaining their duties as coach and manager respectively another title is practically assured for next year.

## English Rugby Club, 1933-34

THE past season was the most successful one for the English Rugby Club for many years. Only a few members of last year's team were available, but with the able and enthusiastic coaching of "Jimmy" Bowles, a team was whipped into shape which brought the Intercollegiate Championship to Toronto for the first time since 1926.

Before the start of the Intercollegiate series, Varsity played four games with local clubs, tying two and losing the other two by narrow margins. The Intercollegiate opener came somewhat as a surprise with Varsity holding the powerful McGill squad to a scoreless draw. McGill was then defeated by Queen's which fielded a team in Intercollegiate competition for the first time. Varsity then defeated Queens decisively in Kingston, to win the title. In the six games played the Varsity line was crossed only once.

The season's activities closed with elections, and a banquet and presentation for Coach "Jimmy" Bowles, who was a big factor in the success of the team. It is hoped that the banquet will become an annual event.

Prospects for next season appear very favourable. The majority of the present team will be back again and there is much promising material to come up from the second team. An advisory committee consisting of Dr. Velyien Henderson, Dr. Cosgrave and Mr. J. Mahon, has been appointed to act in the interests of the club.

## Senior Hockey, 1933-34

THE senior hockey team this year had one of the most strenuous schedules of its career. And, although they didn't win a championship, they always showed that "never say die" spirit typical of a University of Toronto team.

Varsity got off to a bad start in the O.H.A., losing 11 out of her first 12 games. This was mainly because they lacked experience and finish around the nets. However, they improved rapidly and provided many upsets, before the season was over, by defeating Port Colbourne and Kitchener twice and Niagara Falls once.

Where the team showed its real wares, was against McGill. After losing the first game for the intercollegiate title to the red team, they held the Allan Cup favourites to a 4-4 tie in the return struggle which was one of the finest hockey exhibitions of the year, and in which the players of both sides gave all they had.

The annual tour of the hockey team to the U.S.A. was most successful, Varsity defeating Yale, Harvard and Princeton to win all three games.

Apart from Cunningham, Williamson and White, who graduate, and Captain George Hendry, who is giving up the game, this year's team will all be available next season.

So, with what is left from the present squad and with Warren Stevens again at the helm, we feel confident that Varsity will be hard to beat for intercollegiate honours.

## Junior Hockey Team

THE Juniors once more made a disappointing showing after a promising start. They were placed this year back in the old Big Four group with Young Rangers, Parkdale and Toronto Canoe Clubs. However, the standing at the end of the season shows them at the bottom with but two wins, one point behind the third place Toronto C.C.

Shipman and Owen, the goalkeepers, were consistently good all season and were rated on a par with any in Toronto Junior hockey, in spite of the fact that so many goals were scored against them. It was a sad blow to the team when Art Upper was injured in mid-season, this loss leaving them with an unsteady defence and an attack with the main cog missing. Of the remainder Ripley showed real promise and should have a bright future. The rest tried hard, showed flashes of brilliancy at times, only to fall down at the critical moments and forget the rudiments of the game.

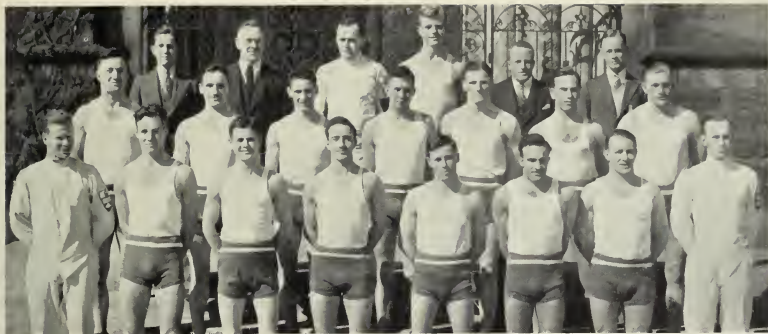

To Dr. Bill Dewar, the coach, we owe a debt of gratitude for his enthusiastic efforts in trying to build up a winning team.

## Intercollegiate Golf

THE intercollegiate golf matches were held this year at the Marlborough Golf Club, Montreal. Competition for the Ruttan Cup was restricted to teams from Varsity and McGill. After a closely contested struggle, with the result in doubt until the last match was decided, McGill secured the trophy by a score of fifteen points to twelve. The individual championship was won by R. E. Costello, the captain of the McGill team, with a score of 80-83-163. The scoring was very high due to extremely unfavourable weather conditions. The interfaculty tournament, which also decided the personnel of the team, was played this year over the thirty-six hole route, a very popular innovation. The team consisted of R. G. Phelan (captain), J. C. Boeckh, S. C. Biggs, D. W. Lathrop, A. F. Knight, G. C. Stewart.

### Boxing, Wrestling and Fencing, 1933-34

**V**ARSITY was again successful in retaining the Tom Gibson trophy at the Intercollegiate Boxing, Wrestling and Fencing meet held at Hart House in February. The results were very close. Queen's won second place by means of a strong and experienced boxing team. However, Varsity's superiority in wrestling, with the aid of her boxers, gave her the victory. In Fencing, McGill took the honors.

This year the coaches had to look for new material because only four of last year's team were eligible. Credit is due to the Boxing Coach, Dr. Les Black, for producing three new champions, Tom Powell (145 lb. class), De Marco (155 lb.) and Ned Hallett (165 lb.). The boxing bouts were closely tested; good men appeared in every weight. Powell of Varsity outscoring Peeves of Queen's, four times intercollegiate champion, provided the greatest surprise of the assault.

The wrestlers for the third consecutive year demonstrated their superiority. Johnstone winning for the third time, qualified for a Bronze "T". Dimitrieff won his weight for the second time and Eaton Newell and Watt for the first time.

O.A.C. again won the Davidson Cup which signifies Senior Interfaculty Championships from a complete entry list. Wrestler Wright in 163 lb. class and Haggy in 155 lb. class qualified for University colours and their boxers won titles to five of the eight divisions.

## Senior Intercollegiate Swimming

THIS year's tilt for the Dougall trophy was staged in Hart House pool, and even though the McCatty brothers came through with two new Intercollegiate records (200 yard breast stroke and 100 yard back stroke) the team was unsuccessful in capturing the title. The score was very close, 35 to 29 to be exact, and the meet was undecided until the last race was finished.

The line-up this year was, W. A. McCatty (Captain), C. A. McCatty, J. D. Murray, J. McCuaig, C. Eggert, G. Stratton, V. Collins, I. Jennings, J. P. Hooper, and Bickle.

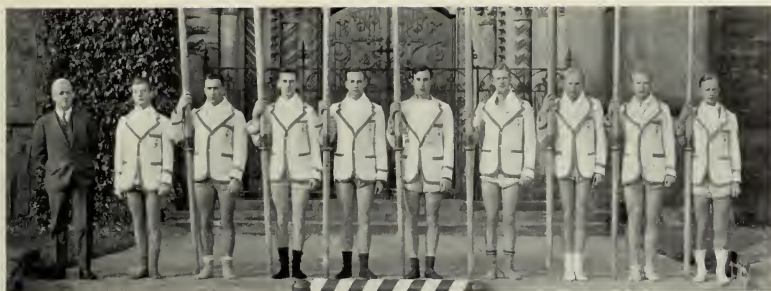

McMaster University sent an invitation team to the meet for the first time, and although their score did not officially count it provided a most welcome addition to the programme.

The Durnan Trophy, emblematic of all-round swimming honours was won for the second consecutive year by captain "Wince" McCatty.

A great deal of credit is due to coach Roy M. Lowndes for the continuous training he has given the team and the great interest he has shown and aroused on the part of the team for swimming as a sport as well as a bone of contention with McGill.

Mention should be made here of the Interfaculty Meet which was this year taken by Trinity College, and the Junior Interfaculty which was taken by S.P.S

## University of Toronto Rowing

ROWING got away to a good start with early work on the machines in Hart House. About a hundred aspirants turned out to master the rudiments of the art under the able tuition of Professor Loudon. After the middle of May, the weather turned mild enough for the club to turn out on the water. Activity centred around the workboats for several weeks, and by a combined process of men dropping out and being eliminated, three crews were assembled. The Senior Heavy Crew, which was expected to do great things, inasmuch as it floated seven of last year's men, suffered many losses from a variety of causes native and foreign to rowing, which ranged from broken legs and poison ivy to unemployment. The subsequent drain on the club also weakened the Junior crews.

Despite these many handicaps, three crews entered the Dominion Day regatta on the Bay. The Senior crew rowed well but couldn't beat Argos and Leanders over the short three-quarter mile course. The Junior crew was unable to start, and the 150 lb. crew managed to get a third place.

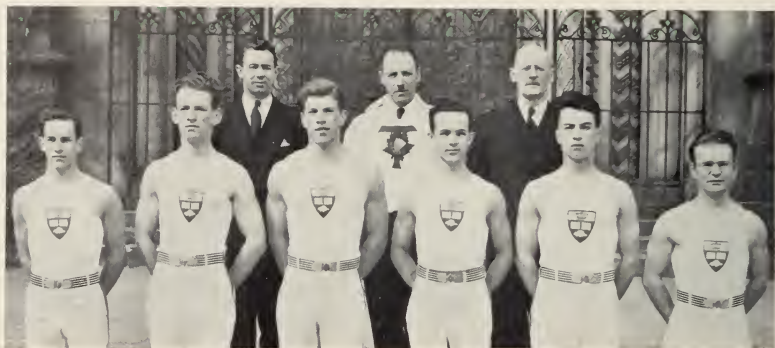

Only two crews made the trip to the Royal Canadian Henley Regatta, as the Junior heavies were unable to replace a lost man. The results were rather disappointing for neither of the crews distinguished itself in the choppy water. The Heavy crew, consisting of Hughes (cox), Gibson (stroke), Willis, Humphries, MacBride, Garner, Bradshaw, Cameron and O'Flynn (bow) was beaten in the Junior heat by Argos and Detroit, and in the Senior heat, by Wandottes. The 150 lb. crew, consisting of Davidson (cox), Woods (stroke), Cleland, Lennox, Macdonald, Crossley, Skelly, Greenwood, Barton (bow) finished last in their finals.

For the Intercollegiate Boat race, held on October 7th, after the McGill-Varsity rugby game, an exceptionally light crew was chosen, differing radically from the previous Intercollegiate type of crew.

Five of the men were members of the 150 lb. crew, and the whole averaged about 20 lbs. lighter than last year's winners, tipping the scales at about 155 lbs.

The race was one of the closest in years, and despite the strong wind and dull weather, about 7,000 people saw Varsity finish a scant half length ahead, after a ding-dong race over the two mile course. The time was very good, being but three seconds short of the 1931 record of 11 minutes and 45 seconds.

As usual, Tommy Loudon was the backbone of the club, and his never-failing good spirits, untiring attention, and expert handling of the men, marks him as the guiding star of University Rowing.

## Gymnastics

AT last we are firmly convinced that gymnastics have returned to Varsity, for this year the team repeated its victory of last year to become the intercollegiate champions again. Mr. Allan Keith, coach of the team and former olympic star, is to be congratulated for his splendid work. The team is also greatly indebted to Mr. Charles Zwygard, Canadian senior champion, for his part in their success.

Then, of course, Mr. D. M. Barton, physical director of the University, is the man really at the back of the group. He is determined to keep the Caron Cup in Hart House for the next few years.

Last, but not least, we remember the team and its members. Charles B. Kirk of Trinity, President of the Intercollegiate Gymnastic Union, was captain of the team. Jack Farrar of Forestry is reckoned as the best tumbler in the Intercollegiate sport. E. S. MacDonald of Medicine, is the Canadian junior champion. George F. Beard, manager of the team; Bill Barber and "Bev" Lewis the alternate, are all from the faculty of Applied Science. This completes this starry team, each man can boast of former experience and if all goes well each one of them will be back in uniform again next year. In fact, as Mr. C. B. Kirk is the only senior on the team it looks as if the Caron Cup will remain in the Halls of Hart House for a few years yet.

## University of Toronto Water Polo, 1933-34

THE two-year reign of the Varsity water polo team in the Intercollegiate Series came to an abrupt end, when confronted by the stellar goal tending and the fine, all-round play of McGill. It was an exciting, hard-fought series, Varsity losing 7-5 in Montreal, and unable to cut down that two goal lead at Hart House. Bancroft stood out in the first game, while McCatty was the star of a forward line, disorganized by tight defensive play, in the home game.

The City League, larger, and possibly stronger than ever before, produced many interesting games. Hampered by the inability to find a coach, which retarded practice at least two weeks, we finally secured the valuable services of Dr. Eddie Sinclair, and marked improvement was immediately shown midway through the schedule. Varsity broke into a spurt which carried them into a second place tie, with consecutive victories over all their opponents. Our best game was the 9-4 victory over St. Catharines, when both forwards and defence worked to near perfection; our hardest, the 5-4 victory over Central "Y", the eventual champions.

Over the whole season, Varsity made a creditable showing, and prospects of a strong, experienced team for next year, under the captaincy of Dorly, are bright. Thanks are due to George Spence, former coach, for his willingness to go out of his way to render us every assistance within his power.

### University of Toronto Basketball, 1933-34

THE season 1933-34 proved to be one of the busiest if not the most successful, that the Varsity Basketball Club has ever engaged in. Both the senior and intermediate teams competed in senior leagues as well as in Intercollegiate competition, the seniors in the "Big 6" league and the intermediates in the Senior "Y" league. The juniors played in the Junior "Y" league and in four exhibition games. The senior team took their annual trip into United States territory and played against six American colleges. One game was won on this trip, Hartwick College losing to the invaders. Varsity Intermediates were the only team to win a championship, taking the Intermediate Intercollegiate for the first time in several years.

A total of fifty-three Canadian games were played, nineteen by the seniors, eighteen by the intermediates and sixteen by the juniors. Twenty-eight games were won and twenty-five lost. Lady Luck took a hand in many of the games. Thirteen of the twenty-five losses were by one or two points.

The teams this year had a capable group of managers headed by A. M. Anderson, Med. IV. Ralph McKibbin, Vic. II, looked after the intermediates as well as taking charge of the Interfaculty series. Wm. Coulter, U.C. I, Ken Greer, Vic. I and Geo. Morrison, Vic. II, were junior managers and will be promoted next year when Ralph McKibbin will head up the staff as senior manager.

Lou. Hayman coached the Senior team, assisted by John E. McCutcheon who was also responsible for the coaching of the Intermediates and Juniors.

The seniors ran into several snags during the season which were responsible for many of their losses. Several of the men, due to pressure of school work and outside activities, were unable to attend practices and games regularly. The "Big 6" league, due to schedule difficulties, had to rush the last half of the schedule and Varsity was forced to play three and four games a week. This proved too much and several heart-breaking losses were suffered. Four games were played with St. Michael's College all of which were lost by one or two points in the last few seconds of play. Yolles A.C., the ultimate champions, were beaten by the Blue and White two games out of three, the third game which was the most exciting of the year going five minutes overtime before Varsity won 44 to 43.

Home and home games were played with McMaster University, St. Catharines and Niagara Falls, Varsity winning one in each series. Six of the thirteen two point losses were suffered in this league which will indicate the closeness of the competition.

Varsity's failure to annex the Senior Intercollegiate crown was a disappointment to the players and their supporters. This year's team seemed to be headed for a championship, winning their first two home games by 41—16 and 41—27 against Western and Queen's. The whole team looked good. The veteran defence of Harold Sniderman and Phil Gold seemed invincible. Captain Moe Mitchell, a veteran of past years, was filling a long felt need at centre. Lofty Willis was the most improved player on the squad and the new forward line of Bill Bodrug and Red Gordon had scored thirty points in the two games. Irvin Levy and Jack Prince, playing their first year of senior basketball were fitting in capably and Normie Newman, who was brought up from the Intermediates after the first game, seemed to be the spark plug which the team needed. After these two brilliant games the Blues found themselves in a slump which was to cost them the championship. The next game was played in London against the Western Mustangs. The football jinx followed the basketeers and after trailing throughout the game Western won by a nice basket scored in the last few seconds of play. The following week the McGill Redmen visited Toronto and caught the Toronto team still in the doldrums and won a listless game by a comfortable margin. The season ended with a trip to Kingston and Montreal. The varsity men, in an effort to redeem themselves, turned in a great effort against Queen's, winning by 33 to 22, and on the following night were nosed out by McGill 33 to 31 on a disputed basket. This game was the best of the year from a Varsity standpoint.

A statistical record of the year shows that Red Gordon led the Varsity scorers, accounting for thirty-nine of the team's one hundred and ninety points. Bodrug was second with thirty-one and Lofty Willis third with twenty-seven. Phil Gold was the bad man of the team, having twenty-three personal fouls called on him out of a possible twenty-four.

Of this team, three will be lost by graduation. Capt. Moe (Dr.) Mitchell, who was doing post-graduate work, Harold Sniderman who graduates in Medicine and Jack Prince who leaves from University College. All these men are real veterans. This is Mitchell's fifth year with the team. His comeback this year after an absence of four years was a pleasure to the fans. Sniderman, whose picture appears on this page, has served for five consecutive years, one on the Junior team and four on the senior. Last year he captained Varsity's championship "Big 5" squad and his graduation will be a distinct loss to University Basketball. Jack Prince too has a continuous record of service, climaxed this year when he made his place on the senior team. Jack also served as an executive, being President of the Basketball Club for the season 1933-34 and President of the Canadian Intercollegiate Basketball Union.

### Junior Intercollegiate Basketball

This year's Junior team was a distinct disappointment. A formidable aggregation, they failed to reach the form expected of them and succeeded only in tying for second place in the Y.M.C.A. League. Six games were won and six lost. Broadview Y, with a team of all stars, won the series and are travelling on to an Eastern Canadian championship. West End and Varsity tied with Y.M. H.A. trailing. Varsity fared better in exhibition games, winning two from O.A.C., one from North Toronto Collegiate and one from Hamilton Normal School.

Captain Willard Miller and Pete Kinsey formed the regular forward line with Bill Gladish and Bob Stewart alternating. Grant Toole and Lloyd Harlock alternated at centre. Charlie Krakauer and Bill Stoughton played on the defence with Doan, Rutledge, Mullen and Davidson relieving.

### Intermediate Intercollegiate Basketball

A new field of competition was opened up this year when Varsity seconds were entered in the Senior Y.M.C.A. League. The team was composed of ten men who had never played senior basketball before. Three of them were freshmen and several were of junior age. Pitted against the powerful West End team, who eliminated Yolles, "Big 6" winners, and who are at the time of writing Ontario semi-finalists, and the Central and Broadview first teams, their showing was particularly gratifying. Six games were won and six were lost, two of the losses being by one and two points.

It was in the Intermediate Intercollegiate series that this team showed to the best advantage. Using the experience gained in senior ball to good advantage, they had little trouble in annexing the Intermediate Intercollegiate championship, winning five games and losing only one which was the opening game against O.A.C. at Guelph, another one point loss.

Bill Young and M. Applebaum formed the first string forward line with Vanderleck at centre, Bill Gibson and Charlie Magwood alternating on the wings with M. R. C. Mitchell in the pivot position. Captain Harry Newman and Barney Stronach, with Gord. Henderson as relief, played the defence positions. This combination worked well together and represented one of the best intermediate squads which we have had at Varsity for years. Three will be lost by graduation: Applebaum, who will continue his studies in the States, Bill Young to teach school and Gord. Henderson, to enter business. All will be missed from University teams.

## JOHN D. SINCLAIR

To the majority of undergraduates and graduates of this University in recent years, "Football" and "Jack Sinclair" have been almost synonymous. For eight years, two in Arts and six in Medicine, he has been Varsity's outstanding player and kicking half, and in addition has held the admiration and respect of friend and foe alike for his consistent sportsmanship and genuine modesty.

No one who saw it will ever forget the mammoth punt which won the game for the fighting "Orphans" that muddy Thanksgiving Day in 1928 from the Dominion champions, Balmy Beach. Equally famous was the return kick which tied the score in the last second of play in that breath-taking game against Queen's in 1929. In 1932 Jack captained the team which won an inter-collegiate championship for Varsity for the first time in six years, and this year he climaxed a brilliant career by his performance in the final game against Queen's. Of Varsity's ten points, Jack made nine, first kicking a perfect placement and later intercepting a Queen's forward pass to run 45 yards for a spectacular touchdown. In addition, he intercepted three more Queen's forwards and held the championship safe for Varsity. For the first time in many years the rooters rushed the field at the end of the game and Jack was carried off in triumph. Probably no more worthy tribute could have been paid him than that of Teddy Reeve, coach of the rival team, who wrote in his column the following Monday these words: "Long Jawn Sinclair's football valedictory on Saturday was a wonderful thing to watch. Even from where we sat . . . . It was fitting that his last game for the Blues should be the greatest of his career."

## Trinity College Athletic Association

THE Athletic attainments of the College for the year 1933-34 have been such as to justify pride on the part of Trinity men. Since the exodus from Queen Street there has been a marked tendency towards a more generous contribution to University teams and a keener interest in Athletics in general. Suffice it to say that we have furnished assistance to the Senior, Intermediate and Junior rugby teams, the Senior and Junior hockey teams, the Varsity senior eight as well as the cox, the tennis teams, the golf team, not to mention the B.W. & F. and gymnasium teams and the British rugger team. When the male registration of the College is compared to that of the University as a whole, the significance of these contributions will assume their proper proportion.

Stepping down from Inter-Collegiate to Interfaculty athletics, we find that in spite of the heavy drain on our man power, Trinity has been a formidable foe in each and every sport. The contest with S.P.S. in the Mulock Cup senior finals carried us back to our banner year in '31-'32, when we were the cup winners. This year, however, the tables were turned and our victorious opponents went through the final round to recover the trophy from Victoria College. The College was successful in annexing the Fitzgerald Trophy, emblematic of interfaculty swimming honours and is seriously expected to eliminate all rivals in water polo. In lacrosse, after winning the first final game, we were eliminated by Knox, thus passing up the Dafoe Cup. The hockey team, while labouring at a disadvantage in not having their own outdoor ice, have shown sufficient ability to date to justify the prophecy that they will win their group and enter the playdowns for the Jennings Cup.

In athletics the race is not always to the swiftest nor the battle to the strongest, but win, lose or draw it is always a pleasure to watch a hard-working, co-operating, sportsmanlike team play the game and this may truly be the boast of Trinity teams in every field of endeavour.

MORRIS FLETCHER—was three times Varsity's 145 lb. wrestling representative on B.W.&F. teams. "Husky" has demonstrated his ability in the grunt and grapple game on more than one occasion and last year held the Senior Intercollegiate title in his weight.

"ROScoe" GARNER—as a member of four Intercollegiate Rugger teams, has boosted the game from over "home." He also pulled a strong oar for the Senior Varsity Eight at the Canadian Henley in 1933.

JACK MCLENNAN—was a member of a Senior Intercollegiate B.W.&F. team; two Senior Intercollegiate Track teams and four Senior Intercollegiate Harrier teams. He also competed on two Varsity Boxing teams at West Point, and was twice elected to the Athletic Directorate.

HAROLD RICHARDSON—first broke into the limelight in his freshman year as a half-back with the Juniors. Since then Hal has played on the Orphans for one year and on four successive Senior Intercollegiate teams. He has also carried the Meds colours for several seasons in Interfaculty Basketball and Lacrosse.

JACK SINCLAIR—as one of Varsity's truly great athletes and an outstanding half-back in Canadian Rugby, requires no introduction. Jack has starred on seven Senior Intercollegiate Rugby teams and Captained the famous Orphans of 1928, as well as the Intercollegiate Champions of 1932. He played on the Senior Hockey team one year when the team went through to the Dominion finals. Jack was also a member of the Athletic Directorate for two years, filling the office of Vice-President during his second term.

HAROLD SNIDERMAN—has starred on five successive Senior Intercollegiate Basketball teams and was Captain of the squad in 1933 when they won the City Championship.

## School Athletic Association

**I**N a résumé of Interfaculty Athletics for the past year School has made a very impressive showing. Very keen interest was taken right from the opening of the fall term and continued incessantly throughout the year.

The Outdoor Track Team once again came through to win the Interfaculty meet as did the Indoor Track Team also, later.

The hard-fighting Senior School Rugby Team after a strenuous campaign tied Victoria, last year's champions, in the finals in overtime. This necessitated another game which School won by a decisive margin. This is the first time since 1928 that the Mulock Cup has been held by S.P.S. It is to be hoped that School will keep up the good work.

The Gym team, holders of the Harold A. Wilson Trophy for the past three years were nosed out by Meds., but deserve honourable mention.

The B.W. and F. Team won the Junior Assault but lost out to O.A.C. by a small margin in the Senior Assault.

In the Interfaculty swimming meet School placed second. A good many of this team also played water polo. The Senior School team made a strong bid for the Eckhardt Trophy but were defeated in the finals.

After winning the toughest group in the league, Junior School Baseball team was defeated in the semi-finals.

The Senior Hockey team also was defeated in the second round of the semi-finals, after winning a hard group in fine style.

The Senior School Basketball team on paper looks like the team to beat for the championship, having several old intercollegiate players in their line-up. They are still going strong.

As usual School was well represented in intercollegiate sports, including rugby, soccer, track, hockey, swimming, water polo and B.W. & F., the first and last mentioned particularly.

A debt of thanks is due to J. A. "Scotty" MacMillan, who turned out faithfully all season and coached the rugby team to the championship.

The Athletic Association would like to express their appreciation to all the managers for the excellent way in which they carried out their duties and aided in making this year a success.

## S. P. S. "T" Holders

THIS year, School has sent more men than ever into University Athletics and she can claim no small part of the success which the University has achieved. The fact that no less than seventeen Schoolmen and one Schoolgirl hold first colours is ample evidence of the interest shown.

Although the greater number of these have been won in major sports, nearly every field of athletic endeavour is represented. The number of second and third "T's" held by the junior years augurs well for the prominence of School in athletics in the future.

## S. P. S. "S" Holders

THE "S" is awarded to Schoolmen in recognition of their ability as well as their support of the faculty. It is granted to outstanding members of interfaculty teams, to men who have shown ability to uphold the School colours in several sports and all first "T" holders.

It is a great honour and privilege to wear the School letter; that is why the picture above is filled to overflowing.

## The Bronze "S"

Annually, the Athletic Association present the Bronze "S" to a student in the graduating year who has, in the opinion of his classmates, done most for the University and the Faculty in Athletics.

This year the honour was given Thomas Bell, known as "Tubby" by his many friends. His activities, as a member of Varsity rugby teams and various S.P.S. interfaculty teams including swimming, lacrosse and water polo, proved him to be a real Sportsman, the popular choice for the award by those who knew him in "School."

## Senior School Rugby

SCHOOL is this year the proud holder of the Mulock Cup, emblematic of the Interfaculty rugby title.

After a hard-fought group schedule in which they found Dents rather hard to dispose of, they found Trinity and Victoria, their conquerors of previous years, waiting for them in the play-offs. However, this year they were not to be denied the honours and after successfully eliminating Trinity came the memorable games with Victoria. These were real rugby games and after being held to a draw in the first overtime struggle, they proved undoubtedly they were the better team when they decisively defeated Victoria in the second game.

### Senior School Basketball

IT is unfortunate that at the time of writing, the playoffs for the interfaculty championship are still in progress which makes us hesitate to start with the caption "Sifton Cup Winners." But if ever a team was of championship calibre it is this year's outfit and it will be a smooth team that beats them.

The squad had,—three men with Senior Intercollegiate experience, two with Intermediate and the rest had four years of interfaculty basketball, and last of all, Del. Hickey of St. Mike's Big Six Team to direct the play.

So it was little wonder that Senior Vic. were snowed under in two games, 23-9 and 29-9. The Dentist's Senior outfit provided stronger opposition, almost too strong as School were forced to come from behind in the first game to win 17-15; the second game was again close, the score being 26-20 for the engineers.

And then the playoffs. A ten-day lay-off caught the boys cold, in more ways than one, and the desperate battle with Senior Meds. resulted in a heart-breaking one basket defeat, Senior Meds. coming up beautifully from seeming defeat to finally hoop the winning basket for a score of 26-24.

Determined to have another crack at Meds., the Forestry team was run into the floor giving School a 37-21 victory.

A victory over the medical students in the next encounter will probably produce a tie in the playoff group but the boys are confident that they can take the doctors every time from now on. So it should occasion no surprise to see them in the finals and then cup winners.

### School Track Team

THIS year School is justly proud of its Track Team, which has been strong enough to win both the Rowell Memorial Cup, and the Toronto Cricket Club Cup, signifying Interfaculty outdoor and indoor championships.

They left no doubt as to their superiority, taking both wins by comfortable margins over their nearest rivals. This year's team was certainly strengthened by several brilliant performers from the Freshman year and as there are only a very few members graduating, the S.P.S. Track Team should again bring honours in the future.

## Senior School Hockey

**A**FTER being just nosed out of the group leadership for three consecutive years by Dents., Senior School broke the "Jinx," and had high hopes of continuing the march throughout the season. This year the group was composed of three very evenly matched teams, School, U.C., and Dents., and the winners were not determined until the final game.

School got off to a good start when they chose Harp McNichol as their captain. After dropping one game to Dents. in the first half of the schedule, resulting in a three-cornered tie, School came back strongly to win three straight games in the second half.

Entering the playoffs with Trinity, School took another step toward the top, winning the two game series 5-3. Victoria, however, proved the stumbling block and after two fast, hard-fought games, in which no alibi was necessary, School was defeated 2-0 in both games, by last year's victors.

To pick individual stars would be extremely difficult; however, Vessie's cool work in goal and Hewitt's dangerous rushing and shooting were features of the season's play. The biggest blow of the season came when Freddie Murray was forced to retire early in the season due to ill health.

THE members of this committee are elected annually by the student body. The President is elected by this committee and is directly responsible to the Students' Cabinet of which he is a member.

Since registration in the Faculty is small, some difficulty was encountered in gathering representative teams for Interfaculty competition. Despite this handicap, the various teams have met with considerable success. The Faculty is also well represented on Intercollegiate teams such as Rugby, Hockey, Water Polo, Track and Tennis.

### Women's Athletics

ONE of the most successful years in the history of women's athletics at this University is just passing into history. In both interfaculty and intercollegiate sport interest was enthusiastic and competition keen, and in addition several outstanding new players were discovered.

Each of the larger colleges and faculties staged a tennis tournament through which the players for the interfaculty tournament were declared. An excellent programme was run through at the Toronto Tennis Club with St. Michael's College emerging as winners for the first time in history. The four players chosen for the intercollegiate team were the same as last year and were only defeated by Queen's after a hard battle. Agnes Gardner, the University champion, captained the team.

The Baseball Championship was retained by Victoria which showed considerable superiority over St. Michael's and the 'Science Scraps', a team composed of Meds., Nursing and Science students, who enjoyed themselves so much in defeat that they arranged extra games after the finish of the series. University College again struggled to field a team but could not muster the required number.

The next sport to attract attention was basketball and the interfaculty series this year was hard fought all the way. Household Science unfortunately was forced to withdraw through lack of numbers but their place was taken by a team from the School of Nursing which made a remarkable showing and had an amazing amount of fun doing it! The championship was won by Miss Sally Ballard's splendidly coached St. Hilda's team, after four hard games in the semi-finals and finals with St. Michael's and Victoria Seniors respectively. The amount and quality of material available for the intercollegiate team was exceptional and Miss Marion Forward, who once more took over the coaching, had much difficulty in making a selection. When finally chosen, the team proved its worth by winning the intercollegiate championship at London in what was probably the hardest fought series and the best display of basketball ever known in the long history of the tournament. The team was most ably captained by Beatrice Longley and managed by Edith Ardagh. The intermediate team, coached by Miss Jean Allen and managed by Frances Harkness, played a number of exhibition games and learned much basketball which will be of great assistance in the race to make next year's senior team.

The most satisfactory interfaculty hockey series for many years was run through, partly due to suitable weather and partly to improved material. The Victoria Firsts won this, again meeting St. Hilda's in the finals. The intercollegiate team required much rebuilding and is to be heartily congratulated on again winning the intercollegiate championship. Lack of experience proved its undoing in the City League which was won by Fran. Crooks Westman's "Vagabonds" after several exciting games. Excellent coaching by Jimmie McPherson of the Senior Hockey team was responsible for the great improvement shown by the end of the year. Eleanor Sanson was captain and Marnie Faulds manager with Audrey Jones as her assistant.

Considerable Badminton is being played throughout the University and last year for the first time the Directorate made "Colour" awards for this sport. Several faculties have held meets and the interfaculty tournament is getting under way.

The Swimming Meet was held on March 7th and was as usual a great success. The interfaculty cup was somewhat unexpectedly won again by University College after a stiff battle with St. Hilda's. The graduation of Betty Edwards, the individual champion for four years, left this competition wide open and the cup was won in worthy fashion by Ruth Knowlton of St. Hilda's. President of the Swimming Club, who thus becomes successor to one of the greatest swimmers the University has had.

Directorate members 1933-34: Dr. C. C. Benson, President; Mrs. W. A. Kirkwood, Dr. Edith Gordon, Miss I. G. Coventry, Mrs. W. B. Elsley, Miss Adele Statten, Miss A. E. M. Parkes, Financial Secretary, as faculty and graduate representatives, and Mrs. D. C. Dempster, and the Misses Joan Bateman, Beatrice Longley, Bliss McQuarrie, Eleanor Sanson and Betty Shanahan, as undergraduates.

# Women's Interfaculty Athletics

## University College Women's Athletic Society

UNIVERSITY College Women's Athletics have successfully progressed under the direction of the Women's Sports Executive. As yet, no Interfaculty Championship has been won by any of our teams, but each one merits honourable mention. Perhaps congratulations will be in order for the Swimming, Badminton and Hockey Teams.

The Interfaculty Tennis was directed by Phyllis Hamilton. Owing to lack of time and available tennis courts, the tournament did not prove satisfactory. No member of our Interfaculty Team was able to rank for Intercollegiate Honours. We may, however, look forward to better results next year.

Baseball, as a girl's sport seems to be on the wane, since it was welcomed rather indifferently by the College as a whole. There were a few staunch enthusiasts ably coached by Bert Barnes, but a full team was not available. Jean Atkinson was the Manager and exerted consistent effort and unfailing energy in arranging practices and recruiting players.

Basketball remains the most popular sport in the College. We were able to field three promising teams who practiced in the U.T.S. Gymnasium at least twice a week, for almost two months. The respective Managers of the Senior, Junior and Freshie Teams were—Grace Gristwood, Frances Harkness and Joan Romaine. The coaches were Jean Allen, Louise Crouch and Muriel Atkin. Four U.C. players were members of the Intercollegiate Team and four more joined the Intermediate Team.

Badminton has gained in importance, and although here again we are hampered by lack of courts, a most successful tournament is expected, from a large number of competitors under the direction of Lola Boehmer.

Hockey practices began immediately after Christmas, managed by Jean Grant. Favoured with more suitable weather than for some years, these were well attended by members of all four years. There were six U.C. hockey players ranking on the Intercollegiate Team.

The Annual Athletic Banquet is to be held at the Royal York Hotel, when shields, crests and "Ts" are to be presented to all deserving U.C. players of Interfaculty and Intercollegiate Teams.

## St. Hilda's Athletics

ATHLETICS opened at St. Hilda's with the Tennis Tournament from which we were able to pick an excellent team for Interfaculty Competition. Unfortunately we were one point behind the winning College. Ray Symons played for our University at Queens.

The next sport was Basketball. St. Hilda's was duly proud of having won the Interfaculty Cup this year. There were plenty of hard fought games and every girl did her part. St. Hilda's was well represented on the Intercollegiate teams.

The Hockey season is well under way. There is plenty of ice and there should be keen competition in Interfaculty Hockey this year. We must congratulate Mary Morris for making the Intercollegiate team.

The Badminton and Swimming teams are practising hard. The meets will be in the near future. Every girl is looking forward to the Athletic Dinner in the Spring. May the Common Room be graced with more Trophies than ever.

The Athletic Executive for '33-'34 was Peggy Glassco, President; Alice Butler, Vice-President; Patricia Harrison, Treasurer; Margaret McDonald, Secretary; Isabel Pepall, Head of Badminton; Enid Palmer, Head of Swimming; Isabel Wallbridge, Head of Hockey; Margaret Rose, Head of Basketball; Katherine Gisborne, Head of Tennis; Marsden Hall, 1st Yr. ## The Interfraternity Council of the University of Toronto

CERTAIN fraternities, sharing a common purpose in the academic and social welfare of the University, and desiring co-operation between themselves for their mutual benefit, organized an interfraternity council and established a constitution to govern its proceedings.

Article No. 2 of this Constitution reads:

Purposes:

"To insure co-operation among the fraternities.

"To discuss questions of mutual interest.

"To promote interfraternity sport and social intercourse.

"To establish a permanent executive representing the fraternity body of the University.

"To further the interest of the University."

The Interfraternity Council of the University came into being in 1922, established by the fourteen charter members. Its activities since that time have fully justified its existence. Many of these are carried on from year to year, others are undertaken where they are believed beneficial to all concerned.

In sports the Council has filled an important rôle, organizing hockey, baseball, squash racquets and basketball competitions, and awarding trophies. But not only here; the Council emphasizes scholarship and an award is made every year to the fraternity having the highest academic standing as a result of the preceding year's work.

It is altogether desirable that the men in the different fraternities should get to know one another. With this object in view, the Council arranges the time and place for an exchange at lunch or dinner. On such occasions the members of a fraternity are at the same time guests and hosts.

There are many concerns upon which the fraternities can combine for their mutual benefit, for instance, in dealing with merchants for supplies and in the matter of securing reliable help.

## TORONTO'S CENTENARY AROUSES INTEREST IN CITY'S HISTORY

Toronto citizens are "looking backwards"—as well as forward—this year of grace, 1934, when Toronto celebrates its 100th anniversary. Everyone is digging into the city's history.

We of EATON'S learn that the acres now occupied by our Main Store, were a green field in 1834 where travelling circuses pitched their tents . . . Where our College Street Store stands was practically a wilderness . . . We are intrigued when we realize that Timothy Eaton, founder of the firm, was born in Ireland, the same year that Toronto was given its name . . . And Toronto was just thirty-five years old, when Mr. Eaton opened his first store in the city . . . Then, Toronto had 50,000 population and EATON'S was a store 24 by 60 feet in dimensions. To-day, Toronto has nearly three-quarter million, and EATON'S covers many city blocks with stores, factories and warehouses.

We don't want to be unduly boastful, but we do think that 65 years of ever-increasing business, indicates that EATON'S has won the confidence—as well as the patronage—of Toronto people. And, quite frankly we feel that EATON'S is an integral part of Toronto and its development. . . . EATON'S is proud of the privilege of sharing in the Centennial celebration which marks the progress of a great Canadian city.

# PROGRESS

**E**LECTRIC power production in Canada reached a new high in December, 1933—and is still climbing rapidly. The output of Canadian central stations in December was 6.7 per cent. greater than the previous record reached in November, 1929. The progress of the electrical industry is based on service. In hundreds of ways—from lighting a small lamp to driving a huge motor—electricity is proving itself to be the reliable, economical source of power.

The progress of G-E products is also based on service—service to hundreds of thousands of users in the business and home life of Canada. Rigid tests and scientific methods of manufacture ensure the high service value of these made-in-Canada products bearing the well-known G-E monogram.

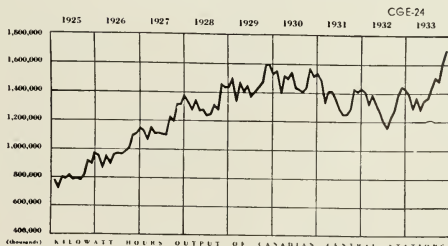

Whether it is a tiny lamp for your home, or complete electrical equipment for a plant—look for the “G-E” monogram on “everything electrical”—it is your guarantee of quality.

## You want CAREFREE SERVICE ... and here it is

IT is difficult to imagine a mechanism built with such precision, efficiency and quality that it will continue to operate perfectly for a lifetime. Yet, Westinghouse have built such a unit in the Dual-Automatic Refrigerator.

You can forget there is a motor in this refrigerator—It never requires oiling . . . it never needs adjusting . . . it never needs servicing or repairs . . . there are no belts or connections to cause trouble . . . and, even under abnormal power conditions, the Built-in Watchman safeguards both the food and mechanism—automatically shutting off the power until the danger is past—then restoring it!

The "Dual-Automatic" Refrigerator has many other important features, such as Lighted Interior, Sliding Shelves, Refrigerated Shelf in the All-porcelain Froster and Economatic Temperature setting—also the "Thank You" door.

Your Westinghouse dealer will gladly demonstrate and explain what these exclusive and modern features mean in dollars and service.
